filed Nov. 9. 1858.

John E Baumgarthen, sk
of Surs. West of the Neches
R., on Big Piney Cr.

all this surveys are to be as far
East as the pencil marks are

This is a true and correct map of that part of Trinity County
as I have nearly corrected all the surveys by field note and surveying
quadrant of it; it differs quadrantly from all of them I have send to
you before; there are several large islands on the Neaches, but
not knowing to which Counties they belong to; I left them.
