

Groveton Texas

March 11th 1885

Hon. H. C. Walsh Com. Genl. Land Office

Austin Texas

Sir

In compliance with your request of the 6th Inst., I enclose herewith a sketch showing the exact position of our County Seat (Groveton). The town is located on the M. G. Castro League, and the Court House is 1980 thro S. 60° E. and 20000 N. 30° E. from the S. W. corner of said League, by actual measurement made on the 10th inst.

The red dotted line across the N. portion of the James Hanley shows the division line between it and the Veatch as it appears on the ground, notwithstanding the field notes of both the Hanley and Veatch call for the Castro S. W. corner. The corner taken is the now recognized corner of the Castro, although the witness trees have all been destroyed by the ^{F. & D.} R. R. company, as they stood within the limits of their "right of way". To all of which I certify and sign officially.

H. W. Pennington

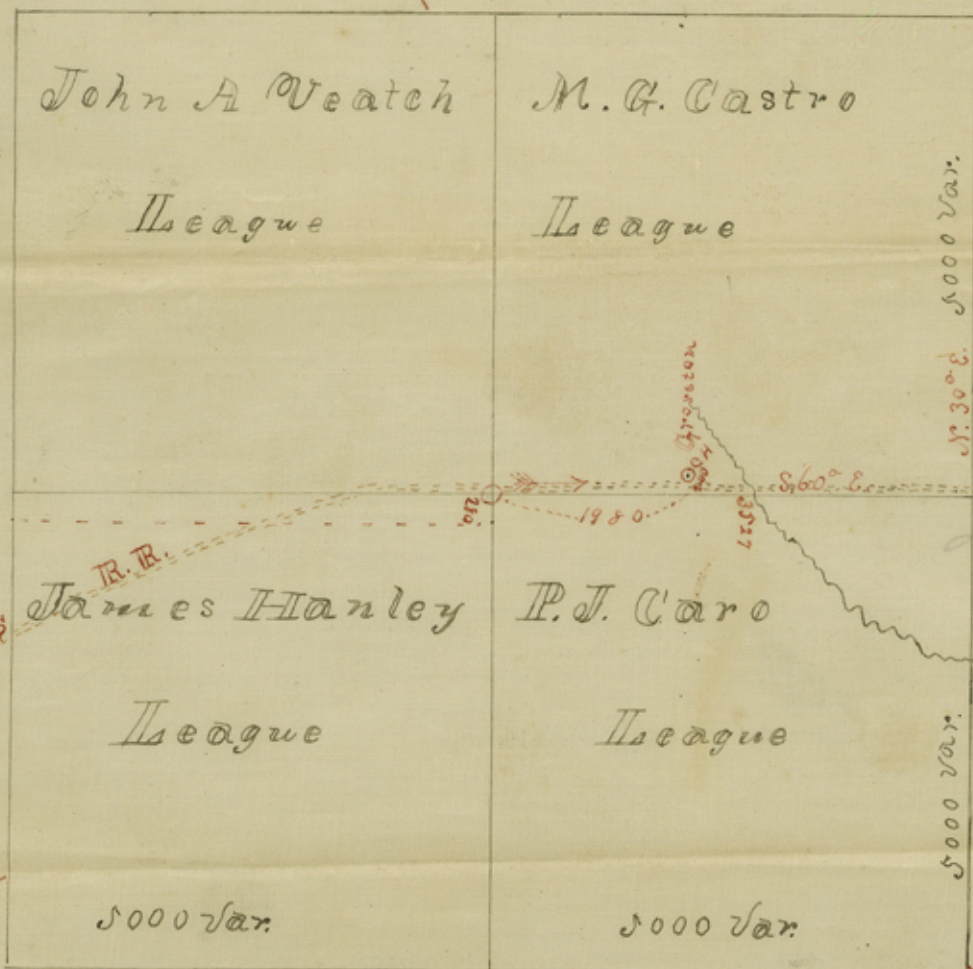

County Surveyor Trinity Co. Texas
