

I, W. F. Hope, County Surveyor of Val Verde County
hereby certify, that I began at the S. W. cor. of Sec.
No 45 - Block A2. a pt. md at corner of fence
from which a cedar 5" brs, S34E. 16 vrs, (this
corner was located from a corner at the S. E. corner
of No 45 - a L.O. S70E, 45 vrs - a cedar bush S30E, 28 vrs)
I then ran North 1900 - along fence - Thence North 1900
vrs along fence - Thence North along f. 1500 vrs along fence -
Thence North along fence 950 vrs. to corner of fence which is
the middle of Section of Section No 5 - Block A22 -
I then ran East along fence 1900 + 1900 + 1900 + 1900 + 300 vrs
to the East line of Section No. 49 - which is at corner
of fence - I then ran North 950 vrs and
300 vrs West and looked for a corner as described
in field notes: a L.O. 12" mtd x brs S63E 11 vrs -
a L.O. mtd v S 18E 21 vrs, and made a diligent search
for corner but found none - I then returned to the
point 300 vrs to East - Then ran North 1900 vrs - and
west 300 vrs, and found no corner to answer description
in field notes: namely cedar mtd v N27E, 23 vrs -
Then returning to point 300 vrs East - I then ran North
1900 and West 300 vrs, and found no corner described
in field notes: namely cedar mtd x N32W 72 vrs
then returning to point 300 vrs. East - I then ran
North 1900 vrs and West 300 vrs - found no corner
to answer description - namely a L.O. mtd A N4E, 17 vrs

returning to point 300 m. East I then ran north
1900 and West 300 m and found nothing to fit description
which only calls for a st. m. 2 ft. high - returning to the
point 300 m to East - I then ran North 1900 and West
300 m and found nothing it doesn't call for any
description only a rock mound on East edge of ruin
then returning to point 300 m. East I ran North
1173 m to the N.E. corner of No. 50 - Block 022
which is at corner of fence - fence is running West and
South from this point

this is to certify that I began at N.W. cor. of
Block No. 1 - which corner was made by R.D. Dod a st. m.
into NW1 BLK 7 - a st. m. 2" I - ~~...~~
2.0 x N 16° 45' E 2.6 - then ran South 1900 m - thence
west 1900 m - then South 1900 + 1900 + 2430 + 727
m. to fence on the north line of Block 444

Dear sir

Dear sir:

I am enclosing sketch with all
of connections made by me - this is the best paper
that I can get at the present time. sketch is under separate
cover.

Yours truly

W. F. Hooper
Co. Surveyor

Dear sir

in reply to your letter of the 18th
to Mr. W. P. Wallace - the North line of 444 was
established by Ratchford which has a fence on
line - it is evidently correct - am satisfied
that the corners in Block 922 are not on ground
as they have been looked for by different surveyors
who have not been able to find them - now what do
you suggest? have done all that I know.

yours truly
W. F. Stope

DEC 16 1932

Dear sir:

REFERRED TO MAP
this letter is written at request of
Mr. Bleucher in straightening up field notes of
Survey 4 - Mrs. D. Shepper and Survey 42 - Mrs. A. J. Anselby

I began at S.W. cor. of Survey 7 - Block A 2
which is well defined cor. a large st. md. with cedar 6"
N 72° W. 8000 - I then ran East to the S. E. cor. No. 27
and found a st. md. there was about 430 rods excess
I then ran north along fence to the N. E. cor. No
39. a large st. md. from which L. O. S 70 E. 45 rods -
a cedar to S 30 E 28 rods there was 11994 rods.
leaving an excess of 594 rods - I then ran west
1964 rods to the S. W. cor. of No. 45 - I then ran North
along fence 6250 rods to the Middle of Survey No 5.
Block A 22. I then ran East 7900 along fence
and found the East line of No. 48. to be right
which is our fence - Thence North at 950 rods
measured West 300 rods and found no evidence
of the N E cor of No 48 at 2850 rods found
no evidence of corner No 45 - 300 rods to west
and found no evidence of corners 300 rods to west.

counter 39244

and continuing on 11623 to the N. cor of No 2
^{30?} 50 found none of the corners as described in
 in the field notes of No 44, 33, 32 and 27 -
 did not measure across surveys 1 and 2. Block 444
 as it has been measured several times by Surveyors
 I had a fence to measure on the whole distance.
