

I A. W. Nelson District Surveyor for  
the District of Cracoy do hereby  
certify that in the compilation of the  
last map of the County of Cracoy do  
an error occurred in plotting the survey  
on the Cherokee Boundary line running  
from the head of the Noche River to the  
Sabine River. The error consisted in  
this that there was the space of 100  
acres of land admitted between the  
survey of Flatow and Taylor and  
the survey of Wm. H. Geyer as will  
more fully appear by comparing the  
sketch herewith sent with the Map  
of the County.

Given under my hand this  
2<sup>nd</sup> day of February, 1851

count 39381

B

Two runs per book

This sketch shows the connection of the  
 survey of J A Miller with the survey of  
 Eligio Alvarado, and by it you discover  
 there is a conflict of Miller with a  
 survey in the name of Walker which  
 was made (i.e. the Walker survey) previous  
 to the date of Miller.
