Dis. Surveyors Office

Laredo Webb County Tex

Hon. J. J. Crook

August 25 1877.

Commissioner G. L. O.

Austin Texas

Sir,

I have to state that the survey of J. Galan by virtue of Spanish Grant by being in Webb County is in conflict with Survey No 49 made for Jose Manuel Garcia by virtue of Spanish Grant. The upper corner on the Rio Rio Grande of No 49 bears North 25 West. 7090 varas from the upper corner of said J. Galan Grant by actual survey as per sketch annexed. The lines of the Galan Grant are also magnetic and consequently 50° too far East as laid down on the Maps.

I am Very Respectfully

Your Obedt Servant

J. M. Jones  
Dis. Surveyor.
