

The State of Texas }
County of Wilbarger }

Before the undersigned authority,
this day personally appeared Geo. McTaylor and V.
R. Faut, who being duly sworn says that on
Saturday morning the 18th inst. They were subpoenaed
before Squire W. T. Riddle and questions asked them by a
man calling himself Warren, in regard to the res-
= idence of Chas. Wheeler - That they ^{in substance} stated that they
could not swear positively to his residence, or as to
what particular place he claimed as his home - that
he was here a good deal, and frequently left
saying he was going to his place in Hardeman
County - That after making these statements, the said
Warren wrote out something for them to sign, which
they suppose contains the substance of their statement,
but they paid no particular attention to its wording as
written by Warren, as they were in a hurry to go about
~~their~~ their business - Affiants further state that if said
writing or certificate by Warren, does not contain,
or goes beyond, the above statement by them, then the
same does not truthfully represent what they did
say on the subject, and was designedly and covertly
perverted for some sinister object -

Affiants further state that they have good
reason to believe and do believe that
Chas. Wheeler was in Hardeman County on his
place, at the time of the above proceedings, and
that said Warren knew it -

The State of Texas

We, the undersigned officers of said County, do hereby certify that we are acquainted with one W. H. Warren, who holds forth at Quanah in this county, as a land agent and surveyor, and believe him to be wholly unreliable, scheming and untrustworthy, a persistent and selfish busy body, continually fomenting strife and causing trouble in the community, and in matters of importance we would unhesitatingly disregard his testimony.

I, W. T. Riddle J.P. of Precinct
No 1 said County, do hereby certify that on last
Saturday morning, Sept 18th, two men who called
themselves Warren and Shriver respectively, came
into my office and asked me to issue subpoenas for
Geo Mc Taylor, V. R. Fant, and others - That
Warren said he was a lawyer and represented the
said Shriver, and believing him to be such, and
depending on his representations, I thought it was a
part of my official duty to issue subpoenas for the
witnesses designated and singled out by him -
That after said witnesses were thus brought before
me, said Warren conducted the examination and
wrote out the certificates for them to sign - That said
witnesses in their oral examination, stated that they
could not swear positively as to the residence of
Chas Wheeler, as he was in this town a good deal, and
absent at other times, and did not know what
particular place he claimed as his home - Affiant
would further state that he does not know that said
witnesses, after being orally questioned, paid particular
attention to what was actually written down by said
Warren. That at the time of said proceedings, Chas
Wheeler was absent from this town, and affiant
heard and believes that he was then in Hardeman
County on his place, and that said Warren knew
the fact, having seen and left him the preceding
day - Affiant is reliably informed and believes that
said Warren is no lawyer, but willfully represented
himself to be one, in order to impose upon affiant and

accomplish his sinister purposes.

To certify which, I here to sign my name officially
at Vernon, this the 22^d Sept. 1886
