

Sutherland Springs

March 19<sup>th</sup> 73

Com. Gen. Land Office,

Sir acknowledging the receipt of your circular requesting information as to the maps, records &c, allow me to say that my predecessor N. Longworth turned over to me several certificates with file for the same which he affirmed to be the only papers appertaining to the office of surveyor in this county. He gave me a couple of maps which he claimed to be private property. There is not a single set of field notes recorded, nor anything else, therefore work has to be suspended until these things can be procured.

Respectfully,

W. J. Sutherland

C. S. N. C.
