Wise Co.

This sketch and Certificate
does not remove the objections
raised against M. Kufshammer
3-4403 and Fred. Thowman 3-
4402, as said space between
the Isaac Tickner and Hiram Tid
well cannot exist for the following
reasons; H. Tidwell's plat survey
begins at Isaac Tickner's S.W. corner
and therefore cannot be separated
from it - and again H. Tidwell's sur
vey calls for the S.W. corner of Isaac
Tickner with the same bearing true
and no vacancy could exist at
this point - if there is any strip
of land, the same will be West of
Tidwell and not between Tidwell
and Tickner June 8/76 C. W. Puffer
