Coun Genl Land Office
Austin City Texas
Dear Sir

I sent you a list of
connections recently made from the
N.W. corner of survey 1 Block 1 D & G
N survey in Zavalla County to
S.W. corner of D.P.M. # 53 in Zavalla
County on Loma Vista Creek these
connections were made for the purpose
of ascertaining the conflict between
Hooper & Wade survey and those of the
D & G survey so that patent might
issue on Hooper & Wade survey as *W. C. Corbett*
and this company had compromised.

Please have them examined as
soon as you can and send me result of
examination if correct or incorrect
state just is taking but do not issue
him any Patents until I can hear from
counter 41392

me. my reason is simply this
when I did the work I agreed to take
stock and further agreed on certain
stock and left them on the range. I sent
after them and he refused stating his lawyers
word still to be satisfied and my only
recourse is to stop the work in your hands
as I did this work for purpose of obtaining
patents and not for purpose any lawsuit he
and Dult & G. R. Co may see fit to hatch up

Let me hear from you at once
as I want to bring suit if it is too
late for me to stop the work in your
hands. We have however agreed that
in case work is recognized that this
will be settled satisfactorily but if
Patents have to issue as soon as found
correct please let me know and I'll
take the alternative.

Yours Truly
