43723

An aerial photograph showing a coastal landscape. On the left, a large body of water is visible. A winding waterway or channel cuts through a sandy or marshy area in the center. To the right of this waterway is a dense, dark forested area. The right edge of the image shows a beach and the ocean. The photograph is oriented vertically on the page.

43725

An aerial photograph showing a coastal landscape. A prominent, dark, narrow waterway or canal runs vertically through the center of the image. To the left of this waterway, there is a large, irregularly shaped area of light-colored, textured ground, possibly a marsh or wetland, with several smaller, interconnected water bodies. To the right of the central waterway, there is a wide, flat area of land, likely a beach or a large field, with some darker patches. The right edge of the image shows a dark, textured area, possibly a body of water or a forest. The overall scene is captured in a monochromatic, sepia-toned style.

43738

An aerial photograph showing a large, irregularly shaped bay or inlet in the center. The bay is surrounded by a complex network of smaller channels and peninsulas, creating a highly textured appearance. The terrain around the bay is rugged and appears to be covered in dense vegetation or forest. The overall color palette is monochromatic, ranging from dark greys to light greys, typical of a black and white photograph.

1952-1-23

An aerial photograph showing a complex coastal landscape. The image is oriented vertically on the page. In the upper portion, there is a large, light-colored area, possibly a beach or a wide river channel, with a dark, narrow strip of land or a road cutting through it. Below this, the terrain is more varied, with darker, textured areas that could be vegetation or different soil types. The lower portion of the image shows a large, light-colored area that appears to be a wide river or a large body of water, with a dark, narrow strip of land or a road cutting through it. The overall scene is a mix of natural and possibly man-made features.

An aerial photograph showing a coastal region with a large, light-colored, irregularly shaped area in the center. The surrounding land is dark and textured, with various patterns and features. The water is a uniform light gray. Handwritten text is visible in the center of the light area.

1352-2-60

counter
43769

An aerial photograph showing a coastal region with a large, light-colored, irregularly shaped area in the center. The surrounding terrain is darker and more textured, with various patterns and features. Handwritten text is visible in the center of the light-colored area. There are also small black arrowheads pointing to the top and bottom of the central area.

43770

1352-2-61

An aerial photograph showing a complex landscape of water bodies, channels, and land. The terrain is highly textured with various shades of gray and white, indicating different land uses or natural features. A prominent channel runs vertically through the center. Handwritten annotations in white ink are present: '1352-2-63' is written in the middle-left area, and 'counter 93771' is written in the lower-middle area. The overall appearance is that of a detailed survey or reconnaissance photograph.

1352-2-70

This is a black and white micrograph showing a complex biological structure. The left side features a dark, vertically oriented band with a rough, textured appearance. The central and right portions of the image are dominated by a dense, intricate network of light-colored, irregularly shaped structures, possibly representing cellular or tissue components. The overall appearance is that of a histological or cytological specimen. Handwritten labels are present in the center and bottom right.

1352-2-89

A black and white micrograph of a histological section. The image shows a complex arrangement of glandular structures, likely from the prostate, with various sized acini and some larger, more irregular spaces. A large, clear, elongated structure, possibly a blood vessel or a large duct, is prominent in the center-right. The surrounding tissue is densely packed with smaller glandular units. The overall appearance is that of a well-organized but somewhat irregular glandular architecture.

1352-2-90

count
4379

A black and white micrograph showing a complex biological structure, likely a cross-section of a plant stem or root. The image displays various cellular and tissue layers, including vascular bundles and cambial zones. The overall appearance is highly detailed and textured. Two handwritten labels are present: '1352-2-91' in the center and 'counters 43797' in the lower right corner. There are also small black arrowheads pointing to specific features in the upper and lower center.

1352-2-91

counters
43797

A black and white micrograph showing a complex biological structure, likely a cross-section of a plant stem or root. The image displays various cellular and tissue layers, including what appears to be a vascular cylinder with distinct xylem and phloem regions. The overall texture is highly detailed and fibrous. Two handwritten labels are present: '1352-2-92' in the center and 'counter 43798' in the lower right quadrant. There are also two small black arrowheads pointing to specific features at the top and bottom center of the image.

56-2-95

This is a black and white micrograph showing a cross-section of biological tissue. The image is divided into several distinct regions. On the left, there are vertical, layered structures. In the center, a large, dark, somewhat triangular or elongated structure is prominent. To the right of this dark structure is a highly cellular area with many small, rounded cells, some of which appear to have nuclei. Further to the right, there is a large, dark, irregularly shaped mass. The overall appearance is that of a histological section, possibly of a developing embryo or a specific organ. A small black arrow is visible at the top center, pointing downwards towards the cellular region. The text '56-2-95' is printed in the center of the image, and 'counter 43801' is handwritten in the bottom right corner.
