Comr. G. L. O.,  
Austin, Texas.

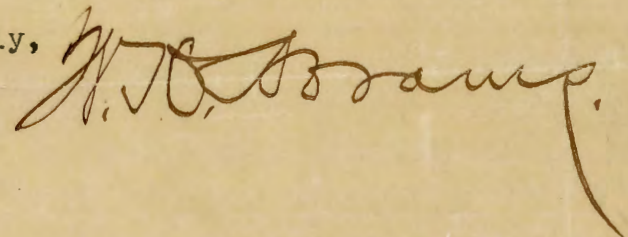

Dear Sir:-

I beg to acknowledge receipt of your letter of 18th, advising that a new map of Denton County, was in preparation in your office, and ask that map of some kind, be sent you, showing the alignment of the Texas & Pacific Ry. through said County.

Quite a number of years ago, before our road was constructed through said County, but after its original location had been made, we had a map of said County lithographed, and indicated the adopted line of the road thereon. Several years after, when the road was constructed, the line was changed in a number of places, and the road was built upon the red line shown upon the enclosed map..

I also have had the location of the different Stations indicated, and Mr. M. Stakemann, our Draftsman here, has put in some figures and memo, in red ink, which Mr. Rosenberg, (who I believe is compiling the map in question) will no doubt understand?

Yours truly,

U. S. M.
