

General Land Office  
State of Texas  
Austin

J. T. ROBISON, COMMISSIONER  
J. H. WALKER, CHIEF CLERK

December 2, 1925

Hon. George Spiller,  
Jacksboro, Texas.

Dear Sir:

I am compiling a new map of Jack County and would like to show thereon all towns and postoffices and will be glad if you could indicate the location of such places on the enclosed lithograph map. There is no appropriation for which this data could be paid for, but I will be glad to furnish you copy of the new map when completed for your kindness in giving this information.

Yours very truly,

*J. H. Walker*  
Acting Commissioner

Clark/c  
Enc

6885

Highways designated on map in red ink are very accurately shown by County Engineer, who superintended the construction. The railroads are shown by blue dotted lines. Stress of business compelled delay in furnishing data, which I very cheerfully furnish. Copy of map fully compensates. I would like to have two, one for the County Engineer, who is anxious for it. This data is very carefully compiled. name on Dr. S. R.

*This morning not time to write*
