North bank of the Plover and taken by said Miller for SW corner

Said Miller started his line Northward from SW corner of said Duty.  
In running our line from NW corner Isaac Casner Southward  
we marked our mile post from 16<sup>th</sup> mile post backward to 1<sup>st</sup> mile post in order to  
conform to said Millers work. Above him was surveyed April 10-11<sup>th</sup>, 13<sup>th</sup> to 17<sup>th</sup> x  
23-24<sup>th</sup> 1925.
