S. W. corner of Bosque and N.W. corner of McLennan
counties which is marked as follows -
Cedar post bound square set in ground & pier
and arm 2 feet above the ground & planted 1398
was S. 80. E. & 1489 S. 60. W from the N.E. corner of the
Thos J. Goodman's line on east line of Baylor
county & marked on the N. side S. W. corner B. Co.
& on south side N. W. corner of N.C. Co.
This is the corner you instructed the Surveyor
to run. Now the question
is Bosque county to be kept still
and held off at the head of
McLennan County just simply for the
reason by doing so want to get a
line all the time. What ~~we do~~ shall
we do now. I now ask that
that you give me some instruction
and let the matter be settled. Must
our Surveyor go ahead and run
the line according to your instruc-
tion already given and without
the aide of the Surveyor of McLennan
county over.
