

T. L. CREWS,

County Surveyor of Childress County, Texas.

Childress, Texas, Sept-22 1892.

Mr W L McLaughry

Dear Sir:

Referring to what you say about North line of Swisher County would state that I did not run that line.

I ran the N. Line Briscoe but as you suggested it could not be filed in that department until approved by Donley and Armstrong Counties I brought it back with me and have returned it to ~~them~~ Briscoe County with full instructions to send certified copies to each co of its common Bdy and when approved by them & returned to your office would be acted on and approved.

I have made corrections on Floyd & Hale Co maps & notes to correspond with those on file in your office and certified to same duly. I am yours very
Truly T L Crews
