

Office of

R. W. Watkins,

County Surveyor.

1216

Henrietta, (CLAY COUNTY,) Texas, Sept 18 1890

Mr R M Hall Comr

Austine Texas

Dear Sir I will state to you in
regard to the SB line of the Co & the
WB line of Jack as it now is
located is erroneous when
said line was run Sam Green
Co Surveyor WB Plemons Co Judge of
this Co J M Colquhoun of Surveyor
of Jack Co & the Co Judge then
on the ground to run said line
& they should have put a corner
stating point they agreed a
margin then also to pins on
a Hartman point & run the line
& be governed by the same until the
corner corner of wise could
be found you will see that it
is not correct as they call for the
WB line of Mantague Co and base
3 miles Nung west from the corner

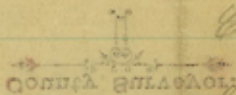

wise what pains are to be as
the corner of Mantuan or 4 Miles
the a how facts may be substantiated
by W B Plummer & has to be
fairly to be applied for the
present - hoping you
will act on the matter as
once I close yours

Respectfully
R W Watters
C. S. Myers

3 X

The line between Clay
and Jack Co. has been estab-
lished, according to statements
received, to the satisfaction of
both Counties, though no field
notes have been filed in the
Gen'l Land Office. (copy) (copy) (copy)
to the decision of the Supreme
Court, County lines once estab-
lished, even if erroneous, cannot
be changed.

C. D. Pyles
