March 4th, 1921

Judge Pink L. Parrish,  
Crosbyton,  
T e x a s.

Dear Sir:

I am in receipt of yours of the 1st instant referring to the county lines of Crosby County and you have referred to my former advice with regard to three of the lines of the county being approved by this Department. You wish to know if this approval is final.

Wish to suggest that this Department in giving you the advice heretofore and in approving the lines has based its action upon the law as declared by the courts in the cases of Hale vs. Lubbock County, 194 S. W. 678, and Stephens County vs. PaloPinto County, 155 S. W. 1006. I believe that this is about as far as the Department can go in this matter and whether or not the Department is correct in recognizing the lines on the basis of these decisions is a question, of course, I cannot say, further than the records we have at this time.

Yours very truly,

Commissioner

Hutch/c
