Referred to  
No. 40184

Waco, Tex.

Dear Sir  
The Geo.

Surveyor of Falls Co.  
has run a line between  
McLennan Co. & Falls, by  
which he takes parts of  
several surveys which  
belong to McLennan. and  
I understood that the  
abstract book to be  
published this fall, will  
show these surveys in  
Falls Co. I wish, for  
McLennan County, to  
enter a protest against  
this, as the line run  
by the surveyor was in  
utter disregard of the well  
established well marked

boundary line between the  
two Counties. The Surveyor,  
I am informed, found the  
correct initial point  
and ran on the old  
line, well marked, till  
he got out of the woods  
and then changed ~~and~~  
the variation from  $9\frac{1}{2}$  to  
 $9\frac{3}{4}$  and ran into McLen-  
-non County.

At the regular May term  
of the Commissioners Court  
of this County a formal  
protest will be made  
& filed with you against  
any change being made  
in the forthcoming  
abstract on the basis  
of this survey.

I have not had time

to look into this matter  
but I shall take what  
ever steps may be necessary  
to protect our County.  
In the mean time I should  
be thankful for any sug-  
-gestion you might make  
mit referre to this very un-  
-necessary complication  
Yours very truly
