Dear Sir,

Yours of recent date concerning the Hamilton + Lampasas County line that was surveyed in 1892. You fail to find report of - I find in the Surveyor's Office here a report defining the line. He having been appointed by the District Judge to make the survey there is no record of report in District Clerk minutes. nor County Clerk's records. I have order paying him for the survey - I have decided to forward this report to the District Judge - and if he approves it - will have recorded in proper place and send you certified copy of same. I am anxious to get this straightened out as I feel sure it will affect other surveys - I will send to you the earliest I can any information that will help you.

Yours Truly  
Tom Pierson
