THE STATE OF TEXAS    ()            IN THE COUNTY COURT OF  
COUNTY OF HANSFORD    ()            HANSFORD COUNTY, TEXAS.

TO THE HONORABLE C. W. KING, JUDGE OF SAID COURT:

YOUR PETITIONER, Jot Horton, acting herein and at the request of the Commissioners Court of Hansford County, Texas, respectively, represents and shows to the Court that the west boundary line of said Hansford County, Texas, that is, the boundary line bounding said County on the west side is not sufficiently and well defined, and the line and corners thereof of said county are not established as provided by law; and that it is to the best interests of said Hansford County, Texas, and the taxpayers thereof, that said west boundary line of said county, be immediately established and made sufficiently definite and well defined in order that said Hansford County, and the tax payers thereof, may receive the benefit of the taxes on all property lying within the lines of said County as provided by law, and your petitioner alleges said Hansford County is now not, and has not been for many years past receiving proper taxes on a great many acres of ground properly lying within the limits of said County, lying along, near and adjacent to said west boundary line, and in support of such allegation, your petitioner would respectively represent and show to the court that said west boundary line has never been run by a competent surveyor for the purpose of establishing, and definitely fixing and defining same, but that numerous surveys have been made of parts of said

Hansford Co. Bdry Line 2

line, and of the blocks and surveys adjoining and crossing same, and that according to all of said surveys the west boundary line of said county runs west of the following sections or surveys in Block Two (2), G.H & H. R.R.Co., land in Hansford County; Surveys Nos, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71 and 72, and a part of the following sections and surveys in <sup>said</sup> Block are in Hansford County; Sections or Surveys, Nos, 2, 5, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48.

Your Petitioner would further represent and show to the Court that according to the abstracts of the surveys of land furnished to the Tax Assessor of Hansford County, Bythe, Land Commissioner none of the Sections named last/above are within the limits of Hansford County, and only a part of the surveys and sections first named above are within the limits of Hansford County, and that by reason thereof, Hansford County, is not now, and has not been receiving taxes on a great many acres of land in the above mentioned surveys which are within the limits and boundaries of Hansford County,

WHEREFORE, premises considered, your petitioner prays that an order be entered by this Court that the West boundary of said County is not sufficiently and well defined and definite, and that this Court appoint and experienced and competent practical surveyor to ascertain by actual survey the said West boundary line of said County, and to make and establish the lines and corners as provided by law, and fixing a time and place when and where said surveyor shall make said survey, as provided by law, that notice issue to the County Court of Sherman County, Texas, as provided by law.
