The State of Texas  
County of Hardin

I, Wm Forbes County Surveyor for the County of Hardin do hereby certify, that upon examination and by actual measurement I have found that in the connection between the South West corner of Stephen Jackson's League Survey and the initial corner of the County line between Hardin and Liberty Counties, that the distance is (1500) One thousand five hundred Varas, instead of (1730) One thousand nine hundred Varas as recorded in the Records of Hardin County.

And that at the time when I run the said County line and made said connection, I started from what was represented and I supposed to be the South West Corner of Stephen Jackson's League Survey but have since ascertained that the actual and original corner is (430) four hundred and thirty Varas South of the corner used on that occasion.

Wm Forbes  
Dist Surveyor Hardin  
Land District
