Haskell, Texas, 189

To the Hon Comm, Court of Haskell Co,
Gentleman

herewith I hand you a plot

and field notes of survey of boundary lines
of Haskell County, and Respectfully

call your attention to seeming discrepancy
that appear there in, in regard to distances
at which Co. lines cross lines of survey through
which they pass. these seeming discrepancies

are unavoidable, owing to the fact that very
few original corners can now be found,
distances ^{between} such original corners that have
been found are invariably excessive
and often out of line, these excesses have

been equally divided between surveys
to which no identified corners can be found,

for instance the N.E. cor of the Arthur
Shayden No 57 is held in place by original
cor. plainly identified, the Ruthy

Campbell is held in position by call
for the Mouth of Croten Creek, thus
creating an excess between these
two points, the River on which these and inter-
vening surveys front, was originally very

J. A. FISHER, County Surveyor.

HASKELL COUNTY.

COMMISSIONERS:

J. S. RIKE, - - - Precinct No. 1.
B. H. OWSLEY, - - - Precinct No. 2.
C. W. LUCAS, - - - Precinct No. 3.
J. B. ADAMS, - - - Precinct No. 4.

Haskell, Texas, 189

inconveniently meandered or else the River has very
materially changed its Channel since Original
survey was made, this fact also applies to all
those surveys fronting on the River,
Connections to ^{original} Land corner have been made by
actual measurement, to all others having
Common Corners by Computation.

The Special Co Surveyors of each adjoining County
being present assisting in and agreeing to
the work, during the time of running the line
in which his County was interested, and also
having with me some data and instructions
from the Commissioner of the L. & P. Co
furnished me by the Judge of your County,
I believe the work has been as correctly
done as can be under facts and circumstances
above mentioned

Very Respectfully
J. A. Fisher
Special Surveyor
H. C.
