TO THE HONORABLE COUNTY COURT OF HAYS COUNTY, TEXAS;  
TO THE HONORABLE COUNTY COURT OF BLANCO COUNTY, TEXAS; and  
TO THE HONORABLE COMMISSIONERS' COURT OF EACH OF SAID COUNTIES:

Gentlemen:

In pursuance of Title 33, Chapter 4, Articles 1582 to 1592, inclusive, of the Revised Civil Statutes of the State of Texas, and Title 33, Chapter 6, Article 1606, of such Statutes, we, M. V. Homeyer and Frank Nowlin, experienced and competent practical surveyors, appointed by the County Court of Hays County, Texas, the Commissioners' Court of Hays County, Texas, the County Court of Blanco County, Texas, and the Commissioners' Court of Blanco County, Texas, as provided by Article 1582 of said Statutes, advise and report that the boundary between the County of Hays and the County of Blanco, in said State of Texas, has been ascertained by us by actual survey, and that we have made and established the lines and corners of the boundary between said Counties of Hays and Blanco.

The initial corners of the survey of the boundary between said Counties of Hays and Blanco are designated by concrete and stone monuments, set in the ground, not less than three (3) feet, and not less than two (2) feet high above the ground, and at the end of each mile in said boundary a like stone and concrete monument has been set and established; and the initial corners are described on the post or monument so established at those points, as is provided by Article 1583 of said Revised Civil Statutes of the State of Texas of 1925.

In the field notes of the survey of the line and boundary run by us, we submit herewith accurate description of all permanent natural objects crossed by or adjacent to said line and boundary, as well as the corners and lines of surveys on or near said boundary.

This report is made and submitted after we have taken the oath and given the bond as provided by Article 1586 of said Revised Civil Statutes of 1925; and we submit and return herewith, and as a part thereof, after said line and boundary has been surveyed and marked, as provided by said Articles of Title 33, Chapter 4 of the Revised Civil Statutes of the State of Texas of 1925, the following, as due return of said field notes and the map of said boundary and survey.
