

The State of Texas

County of Kent

I here with certify that the Surveyors of Kent County is supplied or furnished with a transcript of Certified Field notes, as follows to wit: Volume (1) Certified to from the General Land Office, contains Field notes to 596 Surveys, for Kent County. Volume (2) Certified to from the General Land Office contains Field notes to 561 Surveys, and Volume (1) of Homestead Surveys; transcribed from the records of Scurry County Land District Surveyors Office, Field notes to 75 Homestead Surveys.

Witness my official signature
at Office in Claremont Kent County
Texas October the 3rd 1895

B. C. Hardin
Surveyor of Kent County Texas

By inspection we find transcript from Land Office of field notes to 1157 Surveys, and also transcript from Scurry County Land District to Field notes of 75, Homestead Surveys. If not complete it is not fault of Kent County Officials; the fault is with the transcriber; for the order was for a full and complete transcript of all field notes, of Surveys in Kent County. W. W. Williams did the transcribing at the Land Office. The Order of the Court approving and ratifying the agreed line between Stone Wall & Kent is forwarded, with certified copy of field notes &c; and we hope the next communication will inform us that Ken Land District is received in Land Office.

Respectfully
B. C. Hardin
Surveyor Kent County Texas

We wish to forward Field notes as soon as possible. Will be in hand about out of date.
