J. T. Robinson

Commissioner of General Land Office
Austin, Texas.

Dear Sir:

In May 1910 I made survey of N. W. & S. line of Lamb County and spread same before the Commissioner's Court of Lamb County and sent you copies of Field notes and had you to record same in your office. You, then, advised ^{that} insufficient connections were made of original corners of surveys along County line. In October of 1910 I made additional surveys showing connections of land surveys with this portion of County line, spread same ~~for~~ ^{before} Commissioner's Court of Lamb County in Nov. 1910 and I convinced, with your letter of Oct., the Commissioners that it was the County Clerk's business to send you copies of County ~~line~~ ^{line} field notes of Oct. additional surveys

I am told that the County Clerk has sent you copies of these field notes of County line I made in Oct. and I hereby wish to know wether you have received same and recorded them or not. They have not paid me for my work and if you will inform me that you have these field notes recolded I will have them pay up.

Thanking you for this information, I am
yours truly

W. H. Tilson
