Austin Tex. - Dear Sirs

Your favor of 20th ult enclosing sketch and amended file has been received & filed with the certificate, there is yet an other point I like to call your attention to before you make out the field notes of the vacancy it might affect it in some ~~way~~ the lines, not long ago I ran a connecting line between the SW cor of NE & also some survey 132 in McCulloch Co, due north to NE cor of McHard Co. by beginning at NW cor of 47 Julius Kaufmann, you have to take the course of S 88° 50' E to hit that cor. (SW cor of 132) & the distance is only 4 mi + 1715 rs or 185 rs short

From this cor due north to NE cor of Co. is 8 mi + 871 rs or has an excess of 378 rs in the 8 sections

The lines run from Thos Webb cor were as follows - Begin at SE cor 105 (T. Mt.).

Thence N 89° 48' W 1938 to SW cor of No. 105. - thence N 0° 30' E 785 rs to Hood 1907 rs mound - thence S 89° E 5

Wm

vs to point in E line of Sur 24
made mound, S 0 10' by N 20 50' vs. S 0 10'
