Menardville, Texas, Aug 24 1891.  
Hon A J Baker Comis Genl Office  
Austin

Dear Sir:

Referring to the  
enclosed report of survey & establishment of  
boundary line of Menard County - You  
will note that the West line has no  
connections, this line was run in 1893  
& all connections were made, as you  
will see by report made to your department,  
as these connections were once made,  
it was not deemed by the Court necessary  
to make them again. This line was  
measured only, as there was a dispute  
as to its length, as all the lines  
run, are satisfactory to every County  
interest I hope you will approve  
report & correct abstracts accordingly
