Mr. John Pritchett,
Austin, Texas.

Dear Sir:

My line passes over Clarks monument No 9 on Cold Water and Clarks monument No.10 on Paleduro. I can identify the position of both monuments. Projected east the line of these monuments will fall near the east end of the Cimerrone base and not on N.E. of 1 Blk. D. Hence we may identify that as the original land corner. We did not search for the N.E. of 1. Blk. D. at the point mentioned by Mr. F.M.M.
