

Palo Pinto March 8th 1886

Hon W. C. Walsh Cour

Dear sir

By Order of the

Commissioners Court of Palo Pinto County

I proceeded to trace the Line between
Palo Pinto and Parker County: notice was given
Parker County as the law directs;

I found the old N.E. corner of Palo Pinto and
N.W. cor of Parker Counties, old stake and witness
trees; and by connection I found it - 485.00

N and 76.00 N of the S.E. corner of T.E.
L.C. Survey No 2568 and N.E. corner T.E.L.C. No
2576; I merely traced the old marker line;

I did not measure the line; I found it -
ran on 8°24' exactly variation; The Colony
Surveys run on 9°30' variations. At several
points on the line I made the connection with

established Corners of Surveys: 1st I crossed the
S Line of Colony Survey No 2566 - 694.00
East of S.W. corner and N Line No 2565 -
694.00 E of N.W. corner; I crossed N

Line of Survey No 1 T & P R R Co 746.00
E of N.W. cor or the W Line ^{of same No 1} and 515.00 E
of S.W. corner of Colony Survey No 2568

and ^{crossing the} S Line of same No 1 = 710.00 E of
S.W. corner of the same; The T & P R R Co

Surveys runs on 9°30' variation exactly, though it calls to
run on 10°15' this is wrong;

Crossing S Line of Section No 7 T & P R R Co
535 vis E of S W corner; Crossing the
S Line of Section No 9 B & K B - T & P R R Co
790 vis N 67° 30' E of S W cor same Section;
Crossing N Line of Joseph B Waldron Survey
783 vis E of N W corner; The Surveys on the
S side of the Brazos River run at about
9° 28' variation; The above and foregoing
are all the connections I make on the line
I follow the old marked line all the way
with nearly all the mile Post; The object
in having the line run was that Overseers in
each County would know where to mark the
roads

The State of Texas }
County of Palo Pinto }

I H. M. Berry Surveyor of
Palo Pinto County do hereby certify that the
above and foregoing statement is true
and correct. Given under my hand
in Office this March 8th 1886

H. M. Berry
Surveyor Palo Pinto Co Tex

Palo Pinto & Parker

County Line
