Hon. J. T. Robison,  
Commissioner General L and Office,  
Austin, Texas.

Dear Sir:

I am sending you herewith certified copy of judgment of Reeves County, Texas, in suit No. 1886, Pecos County vs Brewster County. This was suit brought by Pecos County against Brewster County in regard to boundary line between the two counties. This judgment will explain itself as the court, through this judgment, has established the line between the two counties.

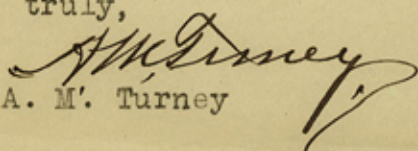

I understand that a copy had already been sent to your office but the old assessor tells me that he wrote you in regard to this line and he said you wrote you had never been furnished with a judgment and field notes. The county judge has had this copy made and asked me to transmit it to you.

The county is very anxious that we get abstract on all the lands in Brewster County that belong to the county. A great many of the tax payers along the line are paying taxes in both counties as they do not care to go into a law suit in regard to the matter. The assessors office doesnot have all the abstracts on these lands and say that same have never been sent them and that the lands have not been abstracted. So I am sending you this copy of judgment for the information to you and your office. If it is possible for you to get these abstracted at an early date the people here will greatly appreciate it if you will do so.

All the residents of this county were overjoyed in the way in which you thrashed the governor's and attorney general's office in their attempt to besmirch your name. We all watched the proceedings closely and were very happy when they were forced to back down and acknowledge that they were wrong all the time. We knew they were and were glad to see you show the rest of the world that you were right and they wrong.

With best wishes, I remain,

Yours truly,

  
A. M. Turney

CERTIFIED COPY OF JUDGEMENT OF DISTRICT COURT OF REEVES COUNTY

PECOS COUNTY  
NO. 1886 Vs.  
BREWSTER COUNTY

|  
| IN THE DISTRICT COURT OF REEVES COUNTY, TEXAS,  
|  
NOVEMBER TERM A.D. 1920.

On this 22nd day of December, 1920, the above cause coming on to be heard on motion of the plaintiff to reject the report of the surveyor heretofore appointed by this Court to survey and mark on the ground the true boundary line between the Plaintiff Pecos County and the defendant, Brewster County and after considering the same, and after hearing testimony and being fully advised in the premises, the Court overruled said motion. But it appearing to the court that said report does not tie said boundary line to any prominent natural objects crossed by, or adjacent to said boundary line as well as the corners and lines of survey on or near said boundary line, so as to determine the question of the position of the survey mentioned in plaintiff's pleading as to what county said surveys are situated in, it is therefore the order of the Court that said court surveyor, Robt E. Estes, be and he is hereby ordered to locate along said county line established by him all natural objects crossed by, or adjacent to, said boundary line, as well as of the corners and lines of said surveys on or near said boundary line, and to file his supplemental report and map in this court court thirty days before the next term of this court and said report and map shall further show acreage of each tract of land intersected by said County line that is situated in each respective county of field notes by which said acreage can be made definite.

And he is further ordered to furnishe the respective County Judges of the plaintiff and the defendant a copy of this report and may at the same time he filed the original in this court.

And it is further ordered that this case be continued until the next term of this court for the purpose of considering said report.

Pecos Co Bdry Line 2

It is the further order of this Court that the costs of this case accrued to date on account of said report of said surveyor be borne and be paid by the plaintiff and defendants in equal amounts, there being the sum of \$1754.55 due according to said report.

And the said taxing of costs at this time shall not be final but all costs herein incurred shall be finally taxed upon the final hearing hereof, and any sums paid under this order shall abide the said final taxation of costs, and any costs paid by either plaintiff or defendant contrary to such final adjudication and taxation of the costs herein shall be returned to such party so paying same.

To all of which the plaintiff and defendant, in open court excepted.

O, K. Chas Gibbs.

Judge 70th Judicial District of Texas.

And wherefore, the said Robert E. Estes did locate along said County line established by him all natural objects crossed by or adjacent to said boundary line also the corners of lines of said surveys on or near said boundary line, and did file the supplemental report and map in this court as directed by this court and in the time set out showing the work done by him and the acreage of each tract of land intersected by said county line that is situated in each respective county, and in all things complying with the order of this court.

And ~~this cause~~ was at the April term, 1921, of this court continued by agreement on application of the plaintiff.

And whereas, on this 19th day of December A.D. 1921, came on to be heard said cause and said last mentioned report and map of said surveyor, and the plaintiff and defendant appearing by attorneys and announced ready for trial, and a jury having been waived this cause was submitted to the court, and the court having heard the evidence, the law and the argument of counsel and after duly considering said report and map of said survey, it is the opinion of this court that the same are in all respects made in accordance with the judgment of this court and shows the true acreage on each side of said county line all surveys crossed by said line, and is tied to

prominent natural objects, corners and lines of surveys along said line.

It is therefore, orderee adjudged and adecreed by the court that the boundry line between Pecos County, Plaintiff and Brewster County, Defendant, both of said Counties being in the State of Texas, be and the same is hereby established according to the survey made of same by Robert Estes, surveyor, under order of this court and the filed notes of said survey so established are as follows:
