RECEIVED

FEB 6 1911

Referred to Map

Hon. J. P. Robison,
Commissioner,
Austin Texas.

Dear Sir:-

Yours of 1/26/11. to hand
regarding SF's 9760 & 1 and SF's 9907 to 12.

I see from your letter that you are having
compiled a new map of Presidio County.
For matter of convenience and help to you
I send the connections made by me to
the East line of that county as run
and established on the ground by mile
post set in ground, also by large rock
monuments from its N.E. corner to S.E. cor
on Rio Grande. My work was not official
but part of it was made by myself & S.A.
Thompson of A. Davis in proving up the origi
nal position of his surveys as originally
made by him,

see next sheet. Yours truly
C. A. Deeter

Presidio Co. Biry line 5

N.E. corner presidio County.

A large Rm^d at original S.E. cor 36 Bl 347.

S. 19000. Rm^d S.E. cor 34. west 300. 1st mile post. 38000.

Rm^d S.E. cor 8. Bl 347. and west 610. 2nd post.

From N.E. cor 524. Bl 8. west 1420. to county line

" " " 510 " " " 2870. " " "

Beg at S.E. corner sur No 32. & Sw cor 33. Bl 341. on Rio Grande. Thence down River with meanders of River front of 33. 34 & 35. and found S.E. corner presidio County North 10000 and west 15300 from S.E. corner 35. Note the present map shows county line drawn down through center of sec 37. Bl 341.

The county line runs nearly S1°W. through out. from a south course as called in field notes of surveys along said line, and it is from this reason the county line widens to the west going south.

continuing on down river to S.E. cor 39. Bl 341. Thence N to its N.E. cor. & out to N.W. cor 99. and E to N.E. cor 94.

sighted north and struck west edge of Large white Rock monument at SW cor 44. Bl G 12. N. of Manaposa mine. which

was established from corners of No. 1, Bl
scrip 25738. Known as the Agua's Fias, by
running south and west.
