

Return in Ten days to

L. H. EVANS,
COUNTY JUDGE.

Mt. Pleasant, Titus County, Texas.

Titus & Morris Co.

m1

Mr Richard W. Keall
Land Commissioner

Austin
Tex

Preper & Kalway
9/20/90

Titus Co Bdry Line 3

J.

cont 59300

If a line has been once run and adopted by both Counties, this line, according to decision of Supreme Court, cannot be changed, even if found to be erroneous.

E. W. Puffer

Mt Pleasant Tx. 9/20 1890

Mr Richd. W. Hall

Austin Tx

Dear Sir,

The surveyor, from Morris co & myself, began from center of this Court House, and ran due east 9 miles. which carried us 250 or East of line claimed by Morris co. We then ran due north 14 miles to "Dulphin" in doing so, Titus co. gets a strip from Morris co. They have forbidden their surveyor to go any further with the line and now claim, that they (the commissions) only instructed him to survey the old line, and ascertain the amt. of land belonging to each co. The line which they claim never had a mile post or it or any indication of a line and all parties which have

which have been on the front
line run by us to Sulphur, will
testify that it is not a straight
line, but a very crooked one,
and that they never set a compass
for miles on north end, we have
run a correct line, so far.

I am instructed by Co. Judge Evans
to ask you, how to proceed further

I will also state, that, the order
to this Court, says, "The Surveyor is
to ascertain the true western bou-
ndary of Morris, Leo, and establish
miles Pals, etc" and we have done
so. I let their Surveyor carry the

compass, dividing the chain men,
their "Ox is gone", Mr Hae
and we hope you will order this
Co. to continue the Survey.

I await a reply anxiously

Yours truly

J. C. Turner

Leo, Sur. Titus vs. Day
