Hon. J. T. Robison, Land Commissioner,  
Austin, Texas.

Dear Sir and Friend:

Your recent letter to me in regard to the boundary line between La Salle and Webb Counties, containing copy of your letter to Judge C. C. Thomas, of La Salle County, was brought to the attention of our county commissioners court this morning. We have agreed with La Salle County to have a correct survey made of the boundary line, and immediately forward the field notes to your office. Please do not take any action in the matter until we can have this done regularly and according to law, so that there will be no question about its legality in the future.

Your Friend,

*Geo. R. Page*

Dear Sir and Friend:

I am very anxious to secure a certified copy of the field notes of what is known as the "Mills Line", being the boundary line between Webb and La Salle Counties. I understand it is on file in the General Land Office. Please have the same made for me at once and send to me with draft attached, or C. O. D. by mail, or let me know what will be the cost and I will remit in advance.

I am in receipt of a copy of the opinion of the Attorney General recently given to Representative Burmeister of La Salle County, in which the attorney general states that he called at your office, and was informed that "if the Commissioners Courts of Webb and La Salle counties would agree on the Mills Line, have it re-surveyed and re-marked, etc., \* \* \* the same would meet the requirements of that department."

For this reason I am anxious to secure a copy of this old "Mills Line", to see more or less exactly where it runs, before passing any order in our court in regard to the matter. Please attend to the matter at your earliest convenience. Your Friend,

*Geo R Page, Co. Judge Webb County.*

Dear Sir:

I am in receipt of your favor of the 8th inst., in which you say you are sending to Mr. Tom. Dooley, a copy of the Mills Line, sketch etc., to be used by him in re-surveying the line between Webb and La Salle counties. I do not know Mr. Dooley, and think you are probably mistaken in the name. I believe you must mean, Mr. Tom Atlee, who is the county surveyor of La Salle County. He will probably represent La Salle County when the survey is made, but Webb County must also have a representative on the ground, and as our commissioners wish to see this old Mills Line before they take final action in the matter, I am very anxious to secure a copy of the line. If you notice my last letter to you, you will see that I requested a copy of this line, and am perfectly willing to pay for it. If you will let me know what it will cost, I will remit in advance. If you can not tell the cost, send it ~~by~~ C .O.D., or send me a draft, and I will protect it on presentation. Your prompt attention to this matter is earnestly requested.

Your Friend,

Mr. J. T. Robison, Comm'r, G.L.O.,  
 Austin, Texas.

Dear Sir:-

I have your favor of the 19th inst, and with reference to the Mills line etc.,

I wish to know if your department is so cocksure that this line is the proper line. Why has it not been put so on your Maps of Webb and LaSalle Counties, which the Land Office puts out?

Furthermore where does it corner, the N. East corner of Webb would naturally be the S. East corner of LaSalle, and according to the Mills line, it may be some two miles south of where you show it on your Maps of these Counties.

Another thing, we have on record here the survey of the eastern boundary of Encinal County, surveyed Sept, 17, 1877, by Lafayette Caldwell, Nueces L.D. Surveyor, S. M. Jarvis, Webb Co., Surveyor, and J. J. Dix, surveyor of Duval County. Their Field Notes describe the present north east corner of Webb, which is on the ground and would be according to the Mills survey two miles north of the south east corner of LaSalle County.

The Mills Field Notes have never been on record here, and in your copy of them it does not show where the surveyor of Webb or any other adjoining County were present at this survey.

Thanking you for an early reply to this matter and for past favors, I am,

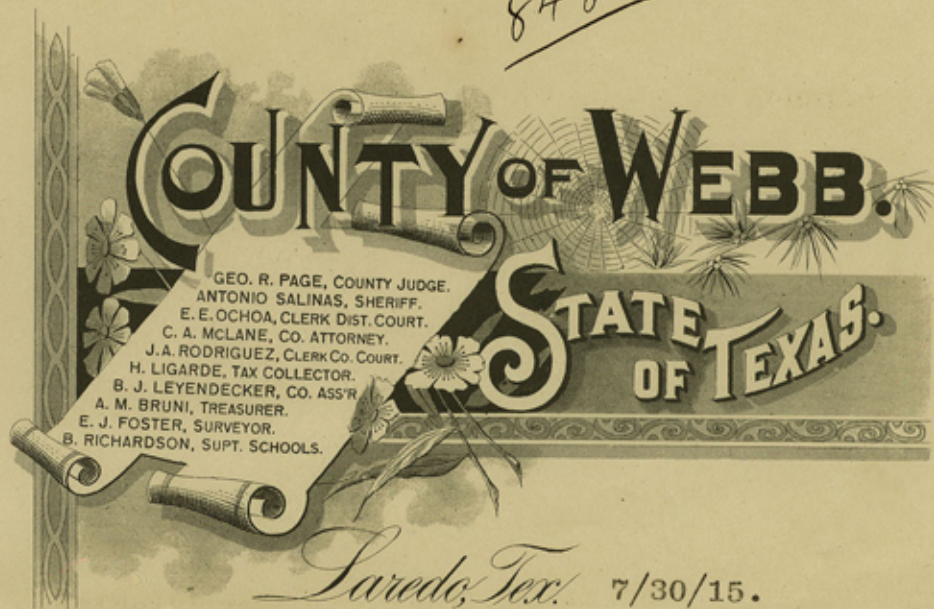

Yours truly,

*E. J. Foster*  
 County Surveyor  
 Webb Co. Tex.

Dear Friend:

I have this day forwarded to your office the field notes, map and court orders in the matter of the survey of the boundary line between Webb and La Salle Counties. I have tried to follow your instructions and the law in the matter, and wish you would kindly look over the papers personally and let me hear from you as soon as possible. If anything has been left undone, please inform me, so I can make it right.
