Job No. 19780

This stream has practically no current at normal flow so I concluded that the course changed by avulsion and not by erosion. I scaled the centerline of the creek from the 1969 photo and plotted it on a computer printout to find the points of intersection with the gradient boundary.

GMP/crm

Report on shoreline survey of 315.20 acres of land out of Lots 2,3,6 and 7, Section 19 Bohemian Colony Lands a map of which is recorded in Volume A, Page 48 of the Map Records of Nueces County, Texas.

This tract adjoins state Tracts G&H on the Cayo Del Oso and this report and the accompanying survey with exhibits are being submitted for the purpose of obtaining General Land Office approval of the gradient boundary.

EXHIBITS:

1. Portion of Oso Creek Quadrangle, Texas 1951.
2. Glasson Lammon Aerial Photo, dated September 29, 1966.
3. ASCS Aerial Photo BRE-2KK-53, dated March 18, 1969.
4. ASCS Aerial Photo 48355-175-107L, dated 1975
5. Williams & Stackhouse Aerial Photo, dated April 27, 1978.
6. Glasson Lammon Aerial Photo 3481-4, dated May 10, 1981.

This survey is on the oposite side of the Cayo Del Oso from a survey on which you approved the shoreline by letter dated March 4, 1980 and which is filed as Nueces County Rolled Sketch No. 70.

The gradient was used for the boundary of this survey except for one portion of the stream which changed course sometime between 1969 and 1975 as shown on the aerial photos with those dates. (Exhibits 3 and 4).

Re: The line between submerged Public School Land
and privately owned uplands bordering Lots 1
and 2, Section 37 and Lot 21, Section 40, Flour
Bluff and Encinal Farm and Garden Tracts, Nueces Co.

Gentlemen:

In response to your letter report dated July 18, 1983 with plat
and aerial photo, submitted by George Pyle, a Licensed State Land
Surveyor, this office has reviewed the survey and finds that the
shoreline survey correctly locates the line between submerged
lands and uplands privately owned.

The letter, plat and photo have been filed as Nueces County Rolled
Sketch No. 90.

Sincerely yours,

Herman Forbes
Director, Surveying Division
