

John L Templeton for
defence

I am Secty of State Book
purporting to be copy of "Revised
Statutes" of Texas shown witness, and he
after examining the Book says it is a cor-
rect copy of the Revised Statutes. It is my
duty to distribute among the State and
County Offices copies of New Laws, I
do not think there was any general
distribution of the Revised Statutes until
about the middle of Oct 1879, The 10th Oct
is as early a date as a copy of the
Revised Statute could have started to
Jack County, even from Galveston
when it was printed.
