Gentlemen:

I herewith enclose ^{sworn} statement
and blue print plot
by W. H. Ruder, a Civil Engineer of
El Paso, Texas, in which he claims
to have identified the position
or location of ^{a part of} the boundary
line between Texas and New
Mexico along the 32nd Parallel
as originally established by J. H.
Clark, south of the line established
by the Boundary Commission in 1911.
The same contention also has been
reported to this department by other

surveys of El Paso County, Texas -
Should this contention be
correct, this department desires
to know which line should be
now be recognized as the correct
boundary between the two states -

Was the report of the resurvey
of the state boundary made by
the Commission in 1911

ratified or approved by Act of
Congress or otherwise adopted by the ^{government}

Awaiting your earliest

consideration, I am,

Respectfully

Commissioner G. O.
of the State of Texas.

MIRIAM A. FERGUSON
GOVERNOR

J. H. DAVIS, JR.
SECRETARY TO THE GOVERNOR

EXECUTIVE DEPARTMENT
AUSTIN, TEXAS

August 3d, 1933

Honorable J. H. Walker, Commissioner
General Land Office
Austin, Texas

My dear Sir:

Herewith I hand you fifteen plats
relating to the boundary between Texas and
New Mexico, which plats were sent to this
office by the Department of the Interior,
General Land Office, Washington, D. C.

Very truly yours,

TOWNSHIP NO.27 SOUTH , RANGE NO.3 EAST OF THE NEW MEXICO PRINCIPAL MERIDIAN IN NEW MEXICO.

Amended Surveys Sections 9 and 10.

In 8 Sheets , Sheet 3.

The survey represented by this plat was executed in order to close the public land surveys on the boundary between the States of Texas and New Mexico as surveyed by Samuel S. Gannett, U.S. Supreme Court Commissioner, in the case State of New Mexico vs. State of Texas (276 U.S. 557) and in connection therewith to gather such other information as may be necessary in the final adjudication of the rights of parties claiming title to lands affected thereby and for such other purposes as may be appropriate. The areas designated, hereon, as Tracts 179, 180, 181, 182, 183, 184, 185, 186 and 206 are claimed by parties under Texas title.

This survey was executed by Chas. W. Devendorf, U.S. Cadastral Engineer, March 3 to April 7, 1932, under special instructions for Group 280, New Mexico, dated January 8, 1932 and approved by the Commissioner of the General Land Office January 16, 1932.

Amended Surveys Section 33

In 8 Sheets, Sheet 7

The survey represented by this plat was executed for the purpose of closing the public land surveys upon the boundary between the States of Texas and New Mexico as surveyed by Samuel S. Gannett, U.S. Supreme Court Commissioner in accordance with the decree of said court in the case State of New Mexico vs. State of Texas (276 U.S. 557) and in connection therewith to gather such other information as may be necessary in the final adjudication of the rights of parties claiming title to lands affected thereby and for such other purposes as may be appropriate. The areas designated as Tracts 200, 204 and 205 are claimed by parties under Texas title.

The survey was executed by Chas. W. Devendorf, U.S. Cadastral Engineer March 3 to April 7, 1932 under special instructions for Group 260 dated January 8, 1932 and approved by the Commissioner of the General Land Office January 16, 1932.

UNITED STATES
DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE

PUBLIC SURVEY OFFICE

Santa Fe, New Mexico,
August 7, 1935.

Honorable James V. Allred,
Governor of Texas,
Austin, Texas.

My dear Governor:

On July 25, 1933 the Commissioner of the General Land Office forwarded to your office photostat copies of fifteen plats, representing a survey made for the purpose of closing the public land surveys upon the boundary between the states of Texas and New Mexico, which boundary was surveyed by Samuel S. Gannett, U. S. Supreme Court Commissioner, in accordance with the decree of the said court in the case of the State of New Mexico vs. the State of Texas (276 U. S. 557), and for the purpose of gathering such information in connection therewith as might be necessary in the final adjudication of the rights of the parties claiming title to lands affected thereby, and for such other purposes as might be appropriate.

Among the plats so transmitted was a plat designated as Township No. 27 South, Range No. 3 East, Sheet 7. Errors have been discovered in connection with this plat, and the same have been corrected in accordance with a letter from the Commissioner of the General Land Office, dated July 15, 1935, file No. 1435732 "E" RWL.

I am transmitting herewith a copy of the corrected plat, which I would ask be substituted for the plat which is now on file. It is my impression that these plats were filed in the office of the Attorney General of your state, since considerable correspondence was received by this office in connection with the matter from the Attorney General.

Very truly yours,

D. P. O'Keefe
District Cadastral Engineer.
