# EXHIBIT 'A'

## SURVEY OF 40.00 ACRES IN THE LINDSEY T. YOWELL SURVEY ABSTRACT NUMBER 216 GALVESTON COUNTY, TEXAS

**NOTICE:**

This survey was performed in accordance with Section 33.136, Natural Resources Code, for the purpose of evidencing the location of the shoreline in the area depicted in this survey as that shoreline existed before commencement of erosion response activity, as required by Chapter 33, Natural Resources Code. The meander line depicted on this survey fixes the shoreline for the purpose of locating a shoreline boundary, subject to movement landward as provided by Section 33.136, Natural Resources Code.

**NOTES:**

1. ALL COORDINATES AND BEARINGS SHOWN HEREON ARE GRID VALUES REFERENCED TO THE TEXAS COORDINATE SYSTEM OF 1983, SOUTH CENTRAL ZONE - NAD 83 AND NGS MONUMENT "HGCSO 60". ALL DISTANCES SHOWN HEREON ARE SURFACE DISTANCES UNLESS NOTED AND MAY BE CONVERTED TO GRID DISTANCES BY MULTIPLYING BY A SCALE FACTOR OF 0.999863486.

I, William E. Merten, Licensed State Land Surveyor in and for the State of Texas, do hereby certify that on June 26, 2003, I have located the natural contour line of Mean High Water (littoral boundary) on the ground, according to law and with the personnel stated; that the meanders of said contour line are true and correct as shown hereon; and found that the subject 40.00 acre tract is entirely below said line of Mean High Water (littoral boundary). To the best of my knowledge, no artificial fill or any development that would cause alteration to said 40.00 acre tract has occurred within the area surveyed.

Field Personnel:  
Ron Dezern  
Tommy Metcalf
