a certified to by either Deputy or County Surveyor

The connection is wrong. Forw^d by J. Sidikun (Ret^d 28. June 1845)

The beginning connection is wrong. Forw^d by J. Sidikun (Returns 28. June 1845)

Ascertained to be in Bexar - Given to W. W. Thompson -

Withdrawn by W. W. Thompson to be recorded in Bastrop. Recorded in Bastrop and returned into the office Nov 18 44

Rejected for error and handed to Ira Bisbee

Rejected because the surveys were made in Bastrop County and the lands prove to be in Bexar County, deliv^d to Mr. Pelgrim agent for the owners, to be carried to Bexar to be recorded in that County if they do not conflict with surveys or previous entries made for Bexar County,

to N. Barclay at Houston, calls for a square and is represented on the map as an oblong

calls for beginning at the N.W. corner of T. J. Barber's survey should be the S.W. cor^r - deliv^d to W. W. Hunt

is survey is not correctly plotted on Map & if plotted correctly would conflict with a survey for M^r Jay (or) contain^d - see list of surveys

The length of the sixth line is not given. Deliv^d to M^r H. Hunt. R.P. 25 June 1845

Withdrawn by Jesse Barber father, to be delivered in Bexar to own same land,

granted by the Board of Travelers Commission, withⁿ by J. DeGordon adm^r of S^r R. Brown owner

certificate issued by Geo. M. Poe which did not accompany the field notes

is survey is in Bexar Co. but is represented as being in Bastrop - Cert^f & field notes withdrawn by J. H. Todd

field notes call for scrip N^o 230 and the scrip accompanying is N^o 238 - Given to L. Colquhoun

is survey in the 3^d line calls for a connection with line N^o 42; should be N^o 5 in 4th line calls for bear^g S 10 1/2 W

Survey is in Bexar Co. but is represented as being in Bastrop Co. Cert^f & field notes by W. W. Hunt

Surveyor's certificate insufficient & N^o P^r certificate informal - Cert^f & field notes deliv^d to Col. Garrison

is survey in Bexar Co. but represented to be in Bastrop Co. Certificate and field notes by W. W. Barber (Owner)

Deputy surveyor's certificate not signed -

certificate issued by G. M. Poe, who was not authorized to issue or arrange

Deputy Surveyor's Certificate wanting. Sent to County Surveyor N^o 13 45

See upon Austin's acres -

See reserve.

conflicts with J. Keykendall's survey, sent to Sam. Bogart with certificate. No warrant was issued by Paymaster Poe and is illegal.

Certificate of Deputy wanting
 County Surveyor wanting
 County Surveyor attached to field notes, should be upon them
 No Certificate
 Survey should be returned in Varas, delivered to County Surveyor, and Certified
 Course of 1st line not correct, will not close
 Diagram with map in name
 No Field notes refer to Geo Land Office for them, show here
 Field notes too indefinite,
 this survey was made by the Texas surveyors in Solid Co sent to Montague Co surveyor. Bexar co
 The field notes are returned in English measure instead of varas
 Survey returned in English lineal miles, should have been in Varas
 Sent back to be recorded in County Surveyors Office
 County Surveyors Certificate wanting
 Beginning corner calls for Mrs Smith should be John Smith according to map
 Returned in Chains and links should be in Varas
 No Certificate accompanying
 The survey is made in English measure and should be in Mexican measure of
 County Surveyors certificate wanted. Has not the survey too much front?
 No such survey as called for in the beginning, returned to Mr. H. Hunt
 out to Bexar by request of Jesse Burnham to be entered there as applications, see letter
 of this date to the County Surveyor of that County
 Certificate of Deputy surveyor not signed, Certificate signed and returned to office Oct 31/44
 field notes impugned in almost every respect, a new set must be made out
 field notes made out in Chains and links
 survey has no connection in consequence of the survey it purports to begin on leaving here
 calls for location on the East of San Jacinto should call for the West of San Jacinto
 nullified by the issuance of a duplicate. See Index Military S. 2350 Tho. Smith by as John Nowlan
 plot on the field notes does not correspond with the county map. The meridian on the
 is at right angles with the one on the field notes. The locality of the land is not sufficiently
 established: the field notes call for the Trinity river and begin near section 8:4: neither do the field
 state in what county the land is situated: the size of a section according to the G.L. Law
 that of a county. This state upon which the land is situated as well as the part of the county must
 stated in the field notes. Tho. H. Ward

W. Sperry M. by Wm. M. Loyd ass.

San Augustine 618. 3,274,680 29 1/2

San Augustine

The Deputy Surveyor of San Augustine had no right to survey in Sabine Co. unless he was deputized by the Surveyor of Sabine County: therefore to make this survey legal an entry must be made in Sabine Co. and the land surveyed by one of the Surveyors of Sabine Co. and the field notes must be recorded in Sabine as well as in San Augustine, October 9th 1844.

	County	Acres	No	Wholesale
