McALESTER, OKLA.

P.O. BOX 1626
LONGVIEW, TEXAS,

December 19, 1932.

Mr. S. C. Clark,
Chief Draftsman, General Land Office,
Austin, Texas.

Dear Sir:

Complying with your request in letter to Mr. M. C. Scheble dated December 15th, I am mailing you under separate cover blue print copy of map prepared by Ballard & Ballard, Engineers of Longview, showing the strip of land between the Mary Scott and Juan Armendaris Surveys. This was the map I had in the field at the time you and Col. Stiles visited Longview.

I have shown in red pencil on the blue print location of trees pointed out to you on the ground and have given you information as to the kind and size of trees, and the sides on which they were marked, all of which is shown in red pencil on the blue print.

Very truly yours,
SILVER STAR OIL COMPANY,

L. B. Bryan

L. B. BRYAN,
Engineer.
