Texas Health and Human Services Commission

Notice of Public Hearing on Proposed Medicaid Payment Rates

Hearing. The Texas Health and Human Services Commission (HHSC) will conduct a public hearing on September 16, 2011, at 9:00 a.m. to receive public comment on the proposed interim per diem Medicaid reimbursement rates for small and large, state-operated Intermediate Care Facilities for Persons with Mental Retardation (ICF/MR) operated by the Texas Department of Aging and Disability Services (DADS).

The hearing will be held in compliance with Human Resources Code §32.0282 and Texas Administrative Code (TAC), Title 1, §355.105(g), which require public notice and hearings on proposed Medicaid reimbursements before such rates are approved by HHSC. The public hearing will be held in the Lone Star Conference Room of the Health and Human Services Commission, Braker Center, Building H, located at 11209 Metric Boulevard, Austin, Texas. Entry is through Security at the main entrance of the building, which faces Metric Boulevard. Persons requiring Americans with Disability Act (ADA) accommodation or auxiliary aids or services should contact Esther Brown by calling (512) 491-1445 at least 72 hours prior to the hearing so appropriate arrangements can be made.

Proposal. As the single state agency for the state Medicaid program, HHSC proposes the following interim reimbursement rates for small and large state-operated ICF/MRs operated by DADS. The proposed rates will be effective September 1, 2011, and were determined in accordance with the rate setting methodology listed below under "Methodology and Justification."

Small State-Operated ICF/MR Facilities

Proposed interim daily rate: \$595.20

Large State-Operated ICF/MR Facilities - Medicaid Only clients

Proposed interim daily rate: \$582.57

Large State-Operated ICF/MR Facilities - Dual-eligible Medicaid/Medicare clients

Proposed interim daily rate: \$562.13

HHSC is proposing these interim rates so that adequate funds will be available to serve clients in these facilities. The proposed interim rates account for actual and projected increases in costs to operate these facilities.

Methodology and Justification. The proposed rates were determined in accordance with the rate setting methodologies codified at 1 TAC Chapter 355, Subchapter D, §355.456(e), relating to Reimbursement Methodology.

Briefing Package. A briefing package describing the proposed payment rates will be available at <http://www.hhsc.state.tx.us/rad/rate-packets.shtml> on September 2, 2011. Interested parties may obtain a copy of the briefing package prior to the hearing by contacting Esther Brown by telephone at (512) 491-1445; by fax at (512) 491-1998; or by e-mail at Esther.Brown@hhsc.state.tx.us. The briefing package also will be available at the public hearing.

General Land Office

Notice of Approval of Coastal Boundary Survey

Pursuant to §33.136 of the Texas Natural Resources Code, notice is hereby given that Jerry Patterson, Commissioner of the General Land Office, approved a coastal boundary survey, submitted by Nedra Foster, Licensed State Land Surveyor, conducted June 13, 2011, locating the following shoreline boundary:

Survey in Orange County a portion of the Texas Gulf Coast shoreline delineating two segments of the line of Mean High Water along the right bank of the Sabine River at 91 West Front Street, Orange, Texas, same lines being portions of the east and west boundary lines of the Alexander Wright Survey, Abstract 204.

The line depicted on the survey fixes the shoreline for purposes of locating a shoreline boundary, subject to movement landward of that line. This survey is intended to provide pre-project baseline information related to an erosion response activity on coastal public lands. An owner of uplands adjoining the project area is entitled to continue to exercise littoral rights possessed prior to the commencement of the erosion response activity, but may not claim any additional land as a result of accretion, reliction, or avulsion resulting from the erosion response activity.

For a copy of this survey or more information on this matter, contact Bill O'Hara, Director of the Survey Division, Texas General Land Of-
