Mark Neugebauer, RPLS LSLS  
Survey Director  
Texas General Land Office  
P.O. Box 12877  
Austin, Texas 78711

Re. Block 76, Public School Land Survey, Loving County, Texas.

Dear Mr. Neugebauer,

It has come to my attention that an illegible dimension appears on the sketch of the above referenced project that was recently submitted due to an overlooked printing error. I would like to give permission to survey department of the Texas General Land Office to make this dimension clearer (1913.75 varas) along with adding an additional dimension (225.06 varas) the department deems necessary at the west line of SF-13984.

Wm. Davey Edwards, PhD, RPLS LSLS CFedS  
Vice-president
