Situated on the right bank of the Colorado River, adjoining and above the league of Andrew Castleman, and known as No 8, and from the upper corner of Castleman's said league on said bank of the River, a line was run South, with the Western boundary of the same, two thousand six hundred and forty varas to another corner of the same league; thence West, with the Eastern boundary of the league, one thousand six hundred and nine varas to another Corner; thence North three thousand eight hundred and sixty varas to the River to a stake for the upper corner of this tract three varas from a hackberry bearing South 46° East, and seven and a half varas from an elm bearing South 20° West; thence with the River downwards to the place of beginning, containing a superficies of one quarter of a league of land. The classification of the aforesaid land is one sixth arable and five sixths pasture land, and this serves to determine the amount he has to pay for it to the State according to article 22 of said law, under the penalties therein established, he being notified that he must erect permanent corners at each angle of the land within one year, and that he must settle and cultivate it in conformity with the provisions of the law. To the Commissioner

Sir

The petition of John W. Moore, one of the colonists introduced by the Empresario Austin, respectfully sheweth, that the Supreme Government of the State granted him, as a settler, a league of land in this colony, which grant bears date the 5th of August 1830, by virtue of which and with the previous approbation of said Empresario, he has selected one league in two tracts, that is to say, one quarter of a league on the right bank of the River Brazos at the place called Fort Bend, and three quarters on the right bank of the San Bernard Creek adjoining and below Thos. Houghton's league. He therefore applies to you with the aforesaid grant in order that you may be pleased to put him in possession of said land and issue to him the corresponding title for his security. Your petitioner therefore prays that you may be pleased to grant the foregoing petition wherein he will receive favour. Town of Austin March 15th. 1831.

San Felipe de Austin March 15th. 1831. To the Agent of the Empresario Citizen Stephen F. Austin, that he may be pleased to report whether the land is vacant and without the limits of the ten coast border leagues. ——— (Signed) Arciniega ———

To the Commissioner. Sir,

Pursuant to your foregoing decree I would state that the land denounced by the colonist John W. Moore, is vacant and not within the limits of the ten coast border leagues. Town of Austin March 16th. 1831.—(Signed) Samuel M. Williams —

In conformity with the foregoing petition of John W. Moore and the annexed certified copy of the conditional grant made by the Supreme Government of this State, dated the 5th of August of the past year 1830, and as the land is vacant according to the report of the agent Citizen Samuel M. Williams, I order the Surveyor Horace Chriesman to survey the land, that the corresponding title may be issued to the party interested, with the restriction under which it was granted. Town of Austin March 17th. 1831. ——— (Signed) Migl Arciniega ———

Citizen Miguel Arciniega Commissioner appointed by the Supreme Government of the State to distribute and give possession of lands and to issue titles to the new colonists in the colony of the Empresario Citizen Stephen F. Austin, without the limits of the ten coast border leagues; Inasmuch as John W. Moore has been received as a colonist under the colonization contract made with the Government of the State of Coahuila and Texas by the Empresario Stephen F. Austin on the 4th June 1825, as appears on folio 116 of this (the original) manuscript book, and the said John

W. Moore having fully proved that he is a single man possessing all the qualifications required by the colonization law of the State of 24th March 1825; In conformity with said law, the instructions of 4th September 1827 by which I am governed, the additional article dated 25th April of the past year 1830, and in the name of the State, I grant, give and put the before mentioned in real and personal possession of one league of land according to the annexed grant and subject to the provisions therein expressed, which land has been surveyed by the Surveyor Horace Chiesman, previously appointed for the purpose, and its situation and boundaries are as follows. One quarter of a league situated on the right bank of the River Brazos adjoining the tract of Knight and White on the West and that of Jane Long on the East, beginning the survey at the lower corner of said Knight and White's tract, a line was run South 1230 varas; thence East 4000 varas to Jane Long's tract; thence North 1480 Varas to the corner of John T. Edward's tract; thence West 1891 Varas to another corner of the same tract; thence North 704 Varas to the River; thence with the River upwards to the place of beginning, containing one quarter of a league. The other tract is situated on the right bank of the Creek San Bernard, below and adjoining Thomas Slaughter's league, and also adjoining a tract granted to Alexander Jackson and another granted to G. W. Singleton, beginning the survey at the lower corner of Slaughter's said league on said bank of the creek, a line was run South 75° West 3576 Varas to a mound; thence South 15° East 5570 Varas to another mound on the boundary of Jackson's tract; thence South 70° East 1950 Varas to the boundary of Singleton's tract; thence North with said boundary 3654 Varas to the corner of said tract; thence South 70° East, with another boundary of the same tract, 1826 varas to the creek; thence with the Creek upwards to the place of beginning, both tracts containing a superficies of one league of land. The Classification of the aforesaid land is eight labors arable and seventeen labors pasture land, and this serves to determine the amount he has to pay for it to the State according to article 22 of said law, under the penalties therein established, he being notified that he must erect permanent corners at each angle of the land within one year, and that he must settle and cultivate it in conformity with the provisions of the law. Therefore by virtue of the power vested in me by the said law and pursuant instructions I issue this present instrument and order that a certified copy of it be drawn and delivered to the party interested in order that he may possess and enjoy the land for himself, his children, his heirs and successors, or whosoever of him or of them right or claim might have thereto. Given in the Town of San Felipe de Austin this twenty eighth day of the month of April of the year one thousand eight hundred and thirty one, which I subscribe with attendant witnesses according to law.

To the Commissioner

Sir

The petition of Jesse Burnham a resident of this colony since November 1821, respectfully sheweth, that in the first colony of the Empresario Citizen Austin he received a league of land as father of a family, that during the first six years he lived with his family on the frontier of this colony on the River Colorado, exposed to the depredations of the Waco, Tahuacano, and other indians, who stole and killed many of his cattle and horses to such extent that with a large and destitute family he has determined to seek some means of assistance, and considering that his services as Captain of Militia and in other capacities on the frontier, together with his losses, render him deserving of an augmentation of land from the Government, he therefore applies to you that you may be pleased, in the exercise of the powers vested in you by the Supreme Government of this State as Commissioner to distribute lands and issue titles and also to forward petitions for augmentations of land to said Supreme Government, to send up this his petition to the Supreme Government in order that, taking his circumstances into consideration, it may see fit to grant him one league of land as an augmentation to what he already has, which league he wishes to select out of the vacant land of the colony of the Empresario Citizen Stephen F. Austin, with the understanding that he offers to settle and cultivate it according to law and to meet the payments consequent upon receiving a formal title. Your petitioner therefore prays that you may be pleased to grant this his petition wherein he will receive favour. Town of Austin April 26th. 1830. ——— Jesse Burnham ———

To His Excellency, Sir,

As regards the statements made by the petitioner and the knowledge I have of him, I have to say that the representations contained in his petition are true. He was one of the first who went into the wilderness of Texas, and has acquired much credit on account of his services and his sufferings at the hands of the savages, and as he is a man of excellent morals, highly respectable and industrious, I take the liberty of recommending him to your Excellency's consideration for the favour he solicits, but Your Excellency can determine according to your superior pleasure. Town of Austin December 1st. 1830. ——— Stephen F. Austin ———

The Commissioner for the distribution of land in the colony to which that for which the applicant petitions belongs, and in default of

Citizen Miguel Arciniega Commissioner appointed by the Supreme Government of this State to distribute and give possession of lands and to issue titles to the new colonists in the colony of the Empresario Citizen Stephen

Therefore by virtue of the power vested in me by the said law and pursuant instructions I issue this present instrument and order that a certified copy of it be drawn and delivered to the party interested in order that he may possess and enjoy the land for himself, his children, his heirs and successors or whosoever of him or of them right or claim might have thereto. The petition of William Scott for himself and in behalf of Lolly, Rachael, Levi, Clara, Timothy, More and Louisa, the children of Jonathan Scott and Rachael Dunnaway deceased, respectfully sheweth, that in the beginning of the year 1829 their parents came to this Colony with their children as part of the families contracted for by the Empresario Citizen Austin that in the month of January last their aforesaid parents died very suddenly, leaving their children poor and wholly forsaken, which children, with your petitioner, are eight in number. Their father, the said deceased, during his life time had not acquired possession of any land, so as to enable your petitioner to obtain the means of subsistence for children of such tender age; and having the permission of the Empresario to select a league of land on which to settle, he has selected the league of land situated on the right bank of the principal branch of the San Bernard Creek and numbered 4 on the plan of Surveys, and applies to you that you may be pleased to admit this his petition and put the aforementioned orphan children considering them as one family, in possession of the aforesaid league of land, with the understanding that he offers to settle and cultivate it for them according to law and to perform the other duties required by the same. Your petitioner therefore requests that you may be pleased to grant this his petition wherein they will receive favour and justice. Town of Austin April 2d. 1831. —— (signed) William Scott + ——

San Felipe de Austin April 2d. 1831. To the agent of the Empresario Citizen Stephen F. Austin, that he may be pleased to report in relation to the circumstances to which the petitioner refers, and state whether the land is vacant and without the limits of the ten coast border leagues. —— (signed) Arciniega ——

To the Commissioner. Sir,

Pursuant to your foregoing decree I would State that the representations made by the petitioner William Scott, Son of the deceased Jonathan Scott, are true. The children of the said deceased, with the exception of the petitioner and one daughter, are of a very tender age and wholly destitute. The family is one of those introduced by the Empresario Austin, of an honest and respectable character, and I consider them by law highly deserving of the league of land for which they petition, which is entirely vacant and not within the limits of the ten coast border leagues. Town of Austin April 4th. 1831. —— (signed) Samuel M. Williams ——

In consequence of the statement contained in the foregoing report of the agent Citizen Samuel M. Williams in which he is pleased to confirm the statements made by the petitioner relative to this orphan family, and as the elder brother alone has supported them since they have been orphans, for these reasons I admit the foregoing petition according to law and order the Surveyor Thomas H. Borden to survey the land pointed out that the corresponding title may be issued in the name of the petitioner and the other children. Town of Austin April 5th. 1831. ———

Citizen Miguel Arciniega Commissioner appointed by the Supreme Government of this State to distribute and give possession of lands and to issue titles to the new colonists in the colony of the Empresario Citizen Stephen F. wife Rachael Dunnaway deceased, to wit, the petitioner William, Rachael, Sotty, Levi, Clara, Timothy, More and Louisa, have been received as one family in the colony contracted for with the Government of the State of Coahuila and Texas by the Empresario Stephen F. In conformity with said Law, the instructions of 4th September 1827 by which I am governed, the additional article dated 25th April of the past year 1830, and in consideration of the situation of the aforesaid children of the deceased Johnathan Scott and Rachael Dunnaway according to the foregoing report, and in the name of the State, I grant, give and put the beforementioned William, Rachael, Sotty, Levi, Clara, Timothy, More and Louisa in real and personal possession of one league of land in common to all of them, which land has been surveyed by the Surveyor Thomas H. Borden, perviously appointed for the purpose, and its situation and boundaries are as follows. Situated on the right bank of the principal branch of the San Bernard Creek, at the point where the branch called Middle Bernard joins it, and known as league No 4, and from the North East corner of league No 3 on said bank of the creek a line was run South 75° West six thousand six hundred and fifteen varas with the Northern boundary of said league No 3 to its corner, which is also the corner of leagues 1 and 3 on the branch called West Bernard and the other called Middle Bernard; thence North 15° West four thousand varas to a mound on the Southern boundary of league No 5; thence North 75° East, with said boundary, five thousand nine hundred and thirty varas to said creek San Bernard to a mound for the upper corner of this league, from which a walnut bears South 70° East 4 varas and a white oak bears North 20° East 7 varas; thence with the meandres of the creek downwards to the place of beginning, containing a superficies of one league of land. Situated on a small creek called Willow Creek, one of the branches of Spring Creek, East of the River Brazos, and from a blackjack 12 inches in diameter sixty varas from the creek, a line was run South 45° East one thousand six hundred and sixty six varas to a mound for the Southern corner; thence North 45° East seven thousand five hundred varas to the Eastern corner, another mound; thence North 45° West three thousand three hundred and thirty three varas to a mound for the Northern corner, from which a yellow pine bears South 20° West and another bears South 45° East — the first 12 and the second 15 varas distant, — thence South 45° East 1667 varas to the place of beginning, containing a superficies of one league of land. (thence South 45° West seven thousand five hundred varas to another mound for the west corner)

The classification of the aforesaid land is three twenty-fifths arable and twenty two twenty-fifths pasture land, and this serves to determine the amount She has to pay for it to the State according to article 22 of said law, under the penalties therein established, she being notified that she must erect permanent corners at each angle of the land within one year, and that she must settle and cultivate it in conformity with the provisions of the law. Therefore by virtue of the power Vested in me by the said law and pursuant instructions I issue this present instrument and order that a certified copy of it be drawn and delivered to the party interested in order that She may possess and enjoy the land for herself, her children, her heirs and successors, or whosoever of her or of them right or claim might have thereto. Citizen Miguel Arciniega Commissioner appointed by the Supreme Government of this State to distribute and give possession of lands and to issue titles to the new colonists in the colony of the Empresario Citizen Stephen F. Austin without the limits of the ten coast border leagues; Inasmuch as Ephraim Whitehead has been received as a colonist under the colonization contract made with the Government of the State of Coahuila and Texas by the Empresario Stephen F. Austin on the 4th June 1825, as appears on folio 1799 of this (the original) manuscript book, and the said Ephraim Whitehead having fully proved that he is a widower possessing all the qualifications required by the colonization law of the State of 24th March 1825; In conformity with said

law, the instructions of 4th September 1824 by which I am governed, the additional article dated 25th April of the past year 1830, and in the name of the State, I grant, give and put the before mentioned Ephraim Whitehead in real and personal possession of one league of land, which land has been surveyed by the Surveyor Thomas H. Borden, previously appointed for the purpose, and its situation and boundaries are as follows. Situated on the right bank of the Navidad Creek about a league and a half below the point where the Gonzales road crosses said Creek, adjoining and below the league surveyed for Samuel Fuller, and from the South East or lower corner of said league a line was run South 70° West, with the lower boundary of said league, 6891 Varas to the South West corner of the same, 219 Varas further crossed a Creek and 1861 Varas further set a stake for a corner, from which a live oak marked X bears North 57½° East 18 Varas; thence South 20° East 21100 Varas and set a stake in a mound from which a live oak marked X bears North 50° East 45 Varas; thence north 70° East 5978 Varas to the Navidad Creek to a hackberry for a corner marked I from which an ash marked W bears South 75° East 4 Varas and an elm marked + bears North 39° East 9 Varas; thence with the creek upwards to the place of beginning, containing a superficies of one league of land. The classification of the aforesaid land is four twenty-fifths arable and twenty one twenty-fifths pasture land, and this serves to determine the amount he has to pay for it to the State according to article 22 of said law, under the penalties therein established, he being notified that he must elect permanent corners at each angle of the land within one year and that he must settle and cultivate it in conformity with the provisions of the law. Therefore by virtue of the power vested in me by the said law and pursuant instructions I issue this present instrument and order that a certified copy of it be drawn and delivered to the party interested in order that he may possess and enjoy the land for himself, his children, his heirs and successors, or whosoever of him or of them right or claim might have thereto.
