NATIONAL RAILWAYS OF MEXICO

INDEX TO LOCAL STATIONS

**NATIONAL RAILWAYS OF MEXICO
VERA CRUZ TO ISTHMUS RAILROAD**

**INTEROCEANIC RAILWAY OF MEXICO
PAN-AMERICAN RAILROAD**

**MEXICAN SOUTHERN RY. CO., LIMITED
TEXAS-MEXICAN RAILWAY**

By reference to the index ascertain the "Time Table No." in which your station is located. For example: Benavides, Texas, is carried in Time Table No. 35, and Tonala, Chis., is carried in Time Table No. 14, and Saltillo, Coah., is carried in Time Tables Nos. 1, 18 and 19. A station may be shown in more than one time table. When no time is shown at a station, the train does not stop, unless otherwise indicated by special mark that train will stop on signal or on notice to conductor. The more important stations are shown in dark-faced type. The time is shown in two series of type or figures. From 1.00 a.m. to 12.59 noon, light-faced type is used. From 1.00 p.m. to 12.59 night, dark-faced type is used.

Note All Reference Marks Carefully. Alt. means altitude in feet above sea level at National Railways stations. Abbreviations following name of each station refer to the state in which the station is located, thus: Ags., Aguascalientes; Coah., Coahuila; Col., Colima; Chih., Chihuahua; Chis., Chiapas; D. F., Distrito Federal (Federal District); Dgo., Durango; Gto., Guanajuato; Gro., Guerrero; Hgo., Hidalgo; Jal., Jalisco; Mex., Mexico; Mich., Michoacan; Mor., Morelos; N. L., Nuevo Leon; Oax., Oaxaca; Pue., Puebla; Qro., Queretaro; S. L. P., San Luis Potosi; Tex., Texas; Tlax., Tlaxcala; Tams., Tamaulipas; Ver., Vera Cruz; Zac., Zacatecas; Emp., Empalme (Junction). The number in italics and parenthesis following station name indicates population by thousands according to Census of 1908. Thus (6) means 6,000 population, and (102) means 102,000 population. For explanation of other marks and abbreviations appearing in the index and in other parts of this folder, see notes at bottom of pages 9 and 10.

INDUSTRIAL OPPORTUNITIES

Mexico has still many undeveloped opportunities in various lines, particularly

AGRICULTURE, MINING AND MANUFACTURING

in all their different branches.

NOW that the west and southwest of the United States is well taken up, so far as productive, cheap land is concerned, it would pay investors and prospective settlers to turn their attention to Mexico. While the advance in land values throughout Mexico in the last five years will probably average 300 per cent, prices are yet low. Large ranches can be had at very reasonable figures, the price depending on the amount of the ranch under cultivation at time of sale, improvements thereon, nearness to markets, etc.

Although Mexico has already produced hundreds of millions of dollars from its mines, it is said by well-posted men that the mineral development is yet in its infancy. This would seem to be borne out by the fact that although mining has been prosecuted in Mexico for over 300 years, some of the best properties have been developed in the present generation.

In the matter of manufacturing, many articles are still imported which could be produced at a profit in Mexico. This is being demonstrated now with frequency, but there are still many opportunities for successful manufacture in lines already established and in many new ones.

The National Railways of Mexico now operate lines from the Guatemala border, on the south, to the United States border, on the north, and from the Atlantic to the Pacific. It therefore covers a wonderful range of country geographically and climatically, and offers ready transportation facilities for all traffic. It has established an INDUSTRIAL DEPARTMENT which furnishes free information to all inquirers. Those interested in Mexico should write for "Facts and Figures about Mexico" (1911, revised edition) and other valuable literature, communicating with any of our representatives named on page 3, or with

Lost Articles. In case articles are left on trains or at stations, communicate at once with Gen'l Baggage Agent, Mexico City, giving full particulars.

Caution. To insure the forwarding of baggage on the same trains by which passage is taken, passengers should be at station at least 15 minutes before the advertised time for departure of trains, as it is necessary to present passage tickets to Station Baggage Master when baggage is checked.

Passengers should claim baggage immediately upon arrival. The railway is not liable for loss or damage to baggage after sufficient time has been allowed for removal.

UNITED STATES CUSTOMS REGULATIONS.

Paragraph 709, appearing in the free list of the present tariff act, governing passengers' baggage, is as follows:

709. "Wearing apparel, articles of personal adornment, toilet articles, and similar personal effects of persons arriving in the United States; but this exemption shall only include such articles as actually accompany and are in the use of, and as are necessary and appropriate for the wear and use of such persons for the immediate purposes of the journey and present comfort and convenience, and shall not be held to apply to merchandise or articles intended for other persons or for sale: PROVIDED, That in case of residents of the United States returning from abroad, all wearing apparel and other personal effects taken by them out of the United States to foreign countries shall be admitted free of duty, without regard to their value, upon their identity being established, under appropriate rules and regulations to be prescribed by the Secretary of the Treasury, but no more than \$100 in value of articles purchased abroad by such residents of the United States shall be admitted free of duty upon their return."

Foreigners are entitled to bring in free of duty such articles as are in the nature of wearing apparel, articles of personal adornment, toilet articles, and similar personal effects accompanying the passenger, and necessary and appropriate for his or her wear and use for the purposes of the journey and present comfort and convenience, and are not intended for other persons nor for sale, without regard to the \$100 limitation.

Citizens of the United States may have this privilege, provided it is shown to the satisfaction of the Collector's representative on the pier, subject to the Collector's approval, that they are bona fide residents of a foreign country.

LOCAL REGULATIONS

BAGGAGE DECLARATION, UNITED STATES CUSTOMS.

Passengers should observe that on the sheet there are two forms of declaration: the one printed in black is for returning residents of the United States; the one in red, for all persons other than residents of the United States. The senior member of a family, if a passenger, may make declaration for the entire family.

BAGGAGE FOR TRANSPORTATION IN BOND THROUGH THE UNITED STATES.

Upon application to the Customs Officer in charge at United States ports of entry, baggage from foreign countries intended for transit through the United States to a foreign country, may be forwarded thereto without the assessment of duty at the port of arrival, by the various railroads and express companies, whose representatives will be found on the pier. Passengers desiring to have their baggage forwarded in bond should indicate such intention and state the value thereof in their declarations, before any examination of the baggage has been made.

BAGGAGE IN BOND.

FROM MEXICAN PORTS OF ENTRY TO MEXICO CITY.

Upon application to the Mexican Customs Officials at port of entry and delivery to them of duplicate checks, for which receipt will be given, baggage may be forwarded in bond to Mexico City for revision by the Customs Officials at the latter point. Necessary documents enabling passenger to secure baggage from the Customs House at Mexico City are forwarded to local baggageman at Mexico City, and they may be obtained from him about 11.00 a.m. on the day following date of arrival, on payment of transfer charges—fifty cents for each piece of baggage. Examination and delivery will be made upon presentation of these documents to the Officials of the Customs House at Mexico City (Santiago), and payment of any duties which may be assessed, between the hours of 9.00 a.m. and 3.00 p.m.

CIGARS AND CIGARETTES, UNITED STATES CUSTOMS.

All cigars and cigarettes must be declared, and are not included in the \$100 exemption. Each passenger over eighteen years of age is entitled to bring in, free of duty and internal-revenue tax, either fifty cigars or 300 cigarettes for his or her bona fide individual personal consumption.

EXCHANGE OF MONEY AT THE BORDER.

Passengers may exchange United States currency for Mexican money at the ticket office in Nuevo Laredo, Piedras Negras, or Ciudad Juarez, and returning exchange Mexican for American money. The rate of exchange is usually two Mexican dollars for one United States dollar, and 49½ cents in United States currency for one Mexican dollar.

\$100 United States currency or \$200 Mexican currency is the maximum amount that will be exchanged at the border.

ALIEN LAW—HEAD TAX.

UNITED STATES IMMIGRATION INSPECTION SERVICE.

The following regulations have been enacted by the United States Government governing the entrance of all foreigners into the United States of America:

"A tax of \$4.00 (U. S. Cy.) shall be levied and collected for every alien entering the United States of America with the exception noted."

"This tax shall not be levied upon aliens who shall enter the United States after an uninterrupted residence of at least one year, immediately preceding such entrance, in Canada, Newfoundland, Cuba or Mexico."

It is, therefore, obligatory upon these lines to collect from passengers for account of the United States Government Immigration Service the above-mentioned tax from all *aliens* entering the United States from Mexico, who are *not* exempted by the above exception.

Such exemption must be proven by documentary evidence (letters, papers, etc.) or by reliable witness on train to the satisfaction of the United States Immigration Officials at port of entry.
