**"Don't tell me  
you never had a chance!"**

"Four years ago you and I worked at the same desk. We were *both* discontented. Remember the noon we saw the International Correspondence Schools' advertisement? That woke me up. I realized to get ahead I needed special training, and I decided to let the I. C. S. help me. When I marked the coupon I asked you to sign with me. You said, 'Aw, forget it.'"

I made the most of my opportunity and have been climbing ever since. You had the same chance I had, but you turned it down. No, Jim, you can't expect more money until you've trained yourself to handle bigger work."

There are lots of "Jims" in the world—in stores, factories, offices, everywhere. Are *you* one of them? Wake up! Every time you see an I. C. S. coupon your chance is staring you in the face. Don't turn it down.

Right now over one hundred thousand men are preparing themselves for bigger jobs and better pay through I. C. S. courses. *You* can join them and get in line for promotion. Mark and mail this coupon, and find out how.

# The Wheat Yield

## Tells the Story

### Of Western Canada's Rapid Progress

The heavy crops in Western Canada have caused new records to be made in the handling of grains by railroads. For while the movement of these heavy shipments has been wonderfully rapid, the resources of the different roads, despite enlarged equipments and increased facilities, have been strained as never before, and previous records have thus been broken in all directions.

The largest Canadian wheat shipments through New York ever known are reported for the period up to October 15th, upwards of four and a quarter million bushels being exported in less than six weeks, and this was but the overflow of shipments to Montreal, through which point shipments were much larger than to New York.

Yields as high as 60 bushels of wheat per acre are reported from all parts of the country; while yields of 45 bushels per acre are common.

Thousands of American farmers have taken part in this wonderful production. Land prices are still low and free homestead lands are easily secured in good localities, convenient to churches, schools, markets, railways, etc. **There is no war tax on land and no conscription.**

### You Can Succeed In Advertising

If we accept you. Some men are by nature better fitted for one thing than another. Before you enroll in our Home Study Course in Advertising and Salesmanship we want you to be sure that you have the ability to succeed as an Advertising or Sales Manager.

**Free Personal Analysis** To help you determine whether or not you are qualified to succeed in this field, we have arranged with a well-known Vocational Director personally to analyze you before enrollment. This valuable service will give you an unbiased estimate of your qualifications. The acceptance of your enrollment is almost a guarantee of your success, because we will take only those we know can succeed.

**What This Course Will Give You** When you complete this course you will have had practical experience because all through the course you will be taught to do actual work. This course is nine-tenths practice and one-tenth theory. Every lesson carries the "human touch" that makes you eager for the next. You will be taught at home to write advertisements, booklets, folders, etc., learn how to analyze markets; plan advertising and sales campaigns; conduct a mail order business; and write strong, convincing "Human Interest" sales letters.

**You Save 10 Years' Time** Because you benefit by the practical experience of business men. None of your instructors are "professional" teachers. The atmosphere of their daily work pervades their lessons. Under them you can clip off at least 10 years of hard work, by taking advantage of their experience.
