Bushel Wheat

Crop in 1915

**FARMERS PAY FOR THEIR LAND WITH ONE YEAR'S CROP
AND PROSPERITY WAS NEVER SO GREAT**

Regarding Western Canada as a grain producer, a prominent business man says: "Canada's position today is sounder than ever. There is more wheat, more oats, more grain for feed, 20% more cattle than last year, and more hogs. The war market in Europe needs our surplus. As for the wheat crop, it is marvelous and a monument of strength for business confidence to build upon, exceeding the most optimistic predictions."

Wheat averaged in 1915 over 25 bushels per acre

Oats averaged in 1915 over 45 bushels per acre

Barley averaged in 1915 over 40 bushels per acre

Prices are high, markets convenient, excellent land low in price, either improved or otherwise, ranging from \$12 to \$30 per acre. Free homestead lands are plentiful and not far from railway lines and convenient to good schools and churches. The climate is healthful.

There is no war tax on land,

Are You Hitting at Nothing?

Herbert P. Mee, Material Accountant of the Southern Pacific Railroad at Los Angeles, California, aimed at nothing and hit it—UNTIL—but let him tell his story himself.

"Like most people, I was a drifter, admiring success, weakly wishing for better things to come.

"I aimed at nothing and hit it.
"I performed each task that I presented it myself, did it fairly well and then lay back awaiting the next task, using the spare time to build castles in Spain.

"Paragraph One, Lesson One of your

Course in Personal Efficiency

started me to thinking. This I have never ceased to do since. If the course had done nothing else for me than this, it was well worth the price paid. But it did more.

"As an immediate benefit, I have an increased capacity for work which my superiors were not slow to recognize.

"Young people who wish to get ahead, but don't know the why, the how or the way, can get the information very cheaply through this Course.

"Old people, given over to pessimism, less of interest, and with apparently weakened vitality and enthusiasm will get the jolt of their life reading the Course through but once."

His
Letter

Is it skill you want? Efficiency taught the U. S. Navy to shoot 1200 times as well today as at Santiago. Is it money? Efficiency brought a great western railroad a million and a half in one year. Is it Economy? A California state official saved \$2,700 on one job after he had his third lesson of this course. Is it Education? A prominent man of Louisville, Ky., got his first big step that way from the first lesson of this course.

What is Efficiency? For whom is Efficiency? How you are taught Efficiency? Are you ear-minded or eye-minded? Find out what you are actually doing with your time? Most failures are due to guess work. You use only half your power. To what do some men owe their success? Health culture. Personal finances. Mr. Emerson's message to you.

Let these Men Teach You Advertising & Salesmanship

Then you can earn \$3,000 to \$10,000 a year—the average salary of Advertising and Sales Managers. They earn this splendid salary because they are **Creators** of business. You can master this lucrative profession in a few hours daily.

You Can Succeed In Advertising

If we accept you. Some men are by nature better fitted for one thing than another. Before you enroll in our Home Study Course in Advertising and Salesmanship we want you to be sure that you have the ability to succeed as an Advertising or Sales Manager.

Free Personal Analysis To help you determine whether or not you are qualified to succeed in this field, we have arranged with a well-known Vocational Director personally to analyze you before enrollment. This valuable service will give you an unbiased estimate of your qualifications. The acceptance of your enrollment is almost a guarantee of your success, because we will take only those we know can succeed.

What This Course Will Give You When you complete this course you will have had practical experience because all through the course you will be taught to do actual work. This course is nine-tenths practice and one-tenth theory. Every lesson carries the "Human touch" that makes you easier for the next. You will be taught at home to write advertisements, booklets, folders, etc., learn how to analyze markets; plan advertising and sales campaigns; conduct a mail order business; and write strong, convincing "Human Interest" sales letters.

You Save 10 Years' Time Because you benefit by the practical experience of business men. None of your instructors are "professional" teachers. The atmosphere of their daily work pervades their lessons. Under them you can clip off at least 10 years of hard work, by taking advantage of their experience.

I hear a sof' footsteps behin' me—
A voice in my ear whispers low,
"I've filled up yo' pipe full o' Velvet,
You know what I want, Uncle Joe."
An' the fust thing I know thar's the kiddie
A-climbin' up onto my knee,
An' while I'm a-lightin' I ask him,
"What sort of a tale shall it be?"
"Thar's one in my pipe now, a-hidin';
Let's smoke him, and then he will jump
"Right out o' my pipe like a rabbit,
From his home in a ole hollow stump."
"Yo' pipe is jus' chuck full o' stories;

"Yes, buddy," I says to the kiddie,
