\$2.75 Radiolite, (in Canada \$3.00), the regular Ingersoll, with the radium-luminous hands and figures, as illustrated here.

# BUMPER GRAIN CROPS

Prizes Awarded to Western  
Canada for Wheat, Oats, Barley,  
Alfalfa and Grasses

**160 ACRE  
FARMS IN  
WESTERN  
CANADA  
FREE**

The winnings of Western Canada  
at the Soil Products Exposition  
at Denver were easily made.  
The list comprised Wheat,  
Oats, Barley and Grasses,  
the most important

being the prizes for Wheat and Oats, and sweepstake on Alfalfa.

No less important than the splendid quality of Western Canada's wheat and other grains, is the excellence of the cattle fed and fattened on the grasses of that country. A recent shipment of cattle to Chicago topped the market in that city for quality and price.

Western Canada produced in 1915 one-third  
as much Wheat as all of the United States,  
or over 350,000,000 bushels

Canada in proportion to population has a greater exportable surplus of wheat this year than any country in the world, and at present prices you can figure out the revenue for the producer. In Western Canada you will find good markets, splendid schools, exceptional social conditions, perfect climate, and other great attractions.

# Where will you be in 1920?

There is **no reason on earth** why you should not live to be 85 or 90 years old or older, barring accident.

Men and women die too young because they are too careless, too lazy, too unthinking to do for their bodies what they would do for a cheap piece of machinery.

You don't wait for a machine to break down before giving it attention. You see that it is inspected regularly to prevent its breaking down. You do this because a piece of machinery costs money and to let it break down will cost you more money. Yet you allow your most wonderful piece of machinery—your body—to deteriorate through neglect, you wait till it breaks down before going to a doctor, and then it is frequently too late. Yet your body is the only machine money cannot replace.

The condition of the human body is reflected INSTANTLY by the condition of the kidneys, through which every drop of blood in your body is filtered every seven minutes. The analysis of your urine by chemical and microscopic examination gives you a true report of the condition of your body. The doctor can sound your lungs and listen to your heart but he cannot sound kidneys nor listen to your liver. You should have a urine analysis at least once every ninety days.

This is the service rendered by the National Bureau of Analysis. It is a service of such tremendous value that the small annual fee charged by the Bureau for its quarterly examinations is not even what you would have to pay a good doctor to prescribe for you once. The Bureau does more than analyze the urine specimen. Our reports recommend what you should do to regain a normal condition. These recommendations will halt most evil tendencies in your system and keep you healthy. The work of the Bureau is health assurance, or better still, disease prevention.

Today the spread of diabetes, Bright's Disease and other wasting diseases is growing abnormally. Men apparently in the best of health are stricken over night and die between two suns. And all these deaths, this suffering, this disease, are unnecessary. They can be prevented if taken in time.

## You Know This Man— Read What He Says

WM. WRIGLEY, JR., head of the great **Chewing Gum** manufacturing company bearing his name, says of the service of this Bureau:

"You have made it easy for the busy man to do what he should do. Time consumed not over four minutes per year; cost only the price of a small box of good cigars; benefits—the possible lengthening of your clients' lives by many years. You should have every thinking man using your Bureau, and you will if their thinkers work as well for their physical good as for their financial gains."

During the eight years of service the National Bureau of Analysis has made over 75,000 examinations. Among its subscribers are the biggest men in finance, banking, industries, railroads, commercial business, lawyers, preachers, doctors, etc. These men, big thinkers and big doers, realize the value of 100 per cent efficiency and take this service to keep themselves in vigorous health at all times. Yet the life of these big men is not a bit more precious to them or their dear ones than your life is to you and your family.

This service is performed by the National Bureau of Analysis for a small fee of \$12.00 a year, low enough for anyone. There is NO OTHER EXPENSE, even the containers, which are sent to you regularly every 90 days, come self-addressed and stamped for return to us. It doesn't take four minutes of your time a year to know ABSOLUTELY what the condition of your health is and what to do to keep healthy. The service is perfectly confidential. The findings of the Bureau are a sacred confidence between yourself and the Bureau. You can subscribe for this service, no matter where you live, as the service is rendered entirely by mail.

If you wish to start in AT ONCE you can send \$12.00 with coupon and by return mail a container will be sent to you. No one can afford to be without this service, man or woman. We do not hesitate to say that this service can save you hundreds of dollars in doctors' bills.

Write today, with or without subscription.
