

United States Population Distribution by County and Territory, per the U.S. Census of 1890

Compiled by Cameron Hudgens and Krista Schreiber, 2025. Census and shapefile data from National Historical Geographic Information System, 2023. Some counties were not counted by the U.S. Census Bureau; thus they have zero population. County boundaries were depicted because records show geographic representation. Shaded relief from Natural Earth, 2015. Basemap courtesy of Esri. The Texas General Land Office makes no representations or warranties regarding the accuracy or completeness of the information depicted on this map or the data from which it was produced. This map IS NOT suitable for navigational purposes and does not purport to depict or establish boundaries between private and public land.
